

SURVEYOR OF PORT NEED OF OAKLAND, AUTHORITIES SAY

Importance of This Step Will
Be Emphasized at Meet
of Port Authorities.

(Continued from Page 1)

been interested by the Pacific Coast port authorities."

CONVENTION OPENS TOMORROW MORNING

The convention will open at 10 o'clock tomorrow morning with the registering of delegates in Room 109 Hotel Oakland. The first meeting will be opened at 10:30 o'clock by Commissioner Albert B. Carter, president of the Pacific Coast Association of Port Authorities. He will introduce Mayor John L. Davis, who will welcome the delegates in behalf of the city.

The first address of the convention will be made by Henry F. Grady, foreign secretary of the San Francisco Chamber of Commerce, whose subject will be "Foreign Trade for the Pacific Coast." His talk will close the morning session.

At noon, the delegates will be guests of the Oakland Chamber of Commerce, the Lions' club, and the Rotary club, at a luncheon in the ivory ball room of the Hotel Oakland. George C. Pades, former governor of California, will be the speaker at the luncheon.

SHOUT SPEAKS IN AFTERNOON

The afternoon session will open with the address of Vice-President Paul Shoup of the Southern Pacific company, on "Port Facilities From the Viewpoint of the Railroad."

"Port Facilities From the Viewpoint of the Steamship Line," will then be discussed by Cary W. Cook, who will be followed by Colonel Herbert Deakins, U. S. A., on "The Relation of the Government to Harbor Development."

"San Francisco's New Terminal Warehouse" will be the subject of an address by Frank G. White, consulting engineer of the San Francisco Harbor Board.

The officers of the Pacific Coast Association of Port Authorities are as follows:

President, Albert B. Carter, Oakland, first vice-president, G. H. Kirkpatrick, Vancouver, B. C.; second vice-president, J. H. McCallum, San Francisco; third vice-president, Edgar McKee, Los Angeles; fourth vice-president, J. H. Burgard, Portland; fifth vice-president, Rufus Choate, San Diego, secretary, Charles P. Howard, Oakland.

Russ to Chop Six Ciphers From Ruble

MOSCOW, Oct. 25.—(By the Associated Press)—In connection with efforts being made to stabilize the ruble, the finance commission has proposed a new issue of money which would do away with notes running into the denominations of the millions by the simple expedient of chopping off the last six ciphers. Thus the million ruble note now in circulation would represent one ruble of the issue proposed for 1923.

DROPPED FORK ERROR SPOILS WHOLE PARTY

"Anne, is that you? Mother isn't asleep, dear. Come in and tell me about your party."

"Oh, mother, dear, I had a miserable time. I never want to see the Mosbys again. They must think me an awful simp. It was my unluckiest night, I tell you, and I did all kinds of terrible things."

"Why, what do you mean, dear? Your couldn't have done anything very bad I am sure."

"Oh, I dropped my fork and started to pick it up just as the waiter did. I was so embarrassed, and the girls of my evening dress that we fixed so carefully came undone and looked terrible until I got it fixed."

"Well, dear, that settles it. You simply must have a new evening dress. You were distressed in your mind when you left the house because you had to wear that wreck of a dress. It put you in a mood, and embarrassed frame of mind that spoiled your whole evening. You weren't your confident self or you wouldn't have gone fork fishing."

"Oh, mother, then I may have that darling lace dress that I want at Cherry's, mayn't I? We can make arrangements for payments and deposit so much at that rate."

"Cherry's for women is at 515 12th street; the men's store at 528 12th street.—Advertisement."

Nine Triplets, Four Twins Go On Single Fare

WARSAW, Ind., Oct. 25.—Five sets of triplets and two sets of twins have been born to Mr. and Mrs. Frank Scott in ten years of married life. The Scotts' parents and thirteen living children, boarded a westbound train in search of enough land to provide sustenance and employment for the whole family.

"We can't carry a Sunday school class, madam," remarked the conductor to the mother as she offered one fare.

"But there're my children," Mrs. Scott replied. "The family Bible was produced and disclosed the reason."

They were:

Ashbell, Archer and Austin, each 4½ years old.

Arthur and Arnold, each 3½ years.

Allen, Almon and Albion, each 2½ years.

Alfred, Albert and Adolph, each 18 months.

Abell and Abner, each six months.

The mother is 30 and the father 31. They lived near South Wales. The father humorously remarked that they started the first children's names with the letter "A", intending to go through the alphabet later.

I. W. W. ATTEMPT TO POISON A. E. F. TOLD IN COURT

(Continued from Page 1)

During his testimony Townsend related how sabotage was carried on in the lumber districts of the Northwest. He repeated testimony that has been given at other trials—that spikes are driven into logs so that they will destroy the saws in the mills. Townsend declared that he had worked in lumber camps where the sabotage was practiced.

Acting on advice received that a large number of members of the organization were in Sacramento attending the trial, a squad of detectives, led by Chief of Police Bernard McShane, raided a resort in the lower end of the city late last night and took 11 men into custody.

Charges that a posse of detectives working under the leadership of Chief of Police Bernard McShane raided his room in the Anchor hotel and seized documents upon which the defense of the ten alleged members of the I. W. W. now on trial in Superior court is being based, were made today by Walter Smith, one of the defendants.

Smith alleged that Chief of Police McShane informed him he was working under orders from the district attorney's office.

Two Damage Suits Now on in Courts

Two suits for damages are being heard today in the Alameda Superior Courts. In Judge St. Sure's department, the case of Christine Fernandez against E. P. LaSalle is on trial. The plaintiff asks \$10,000 for injuries sustained April 16 when she was alighting from a street car on East Fourteenth street and Eighty-first avenue. She alleges that LaSalle drove his auto past the car, knocking her down and dragging her a considerable distance.

In Judge Kotord's department A. V. Taylor is suing Louis Cohen for damages as the result of a collision of two automobiles on the Dublin Highway, near Livermore, September 24, 1921. Taylor alleges that Cohen drove his auto into a machine owned by Taylor.

Bela Kun Warrant Out; Now in Hiding

GENEVA, Oct. 25.—A warrant for the arrest of Bela Kun, former head of the Hungarian Soviet government, which was dormant in Hungary for a short time after the war, was issued today by the federal police department. Bela Kun is reported to be in hiding in Switzerland with a false Swiss passport made out in the name of "Adler."

Plunge Kills Head Of Architect School

NEW YORK, Oct. 25.—Lloyd Warren, head of the Beaux Arts school of architecture, fell to death today from a window in his sixth floor apartment in West 64th street. He was 49 years old.

A Woman's Way

"I tried for four months to get my wife to try Mayr's Wonderful Remedy which I know had helped a friend of mine who had suffered from stomach trouble. She insisted her case was different. I finally had to bribe her with a new dress. The first dose produced remarkable results, clearing up her complexion and restoring her appetite. She can now eat things she hadn't been able to eat for many years." I am a simple, harmless preparation that removes the cause of indigestion, flatulence, constipation, and restores the system, and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose convinces, or money refunded at all druggists.—Advertisement

WILKENS WEEPS ANEW AT WORDS OF WIFE'S DEATH

Murder Defendant Battles
With State Attorney Over
Conflicting Stories.

(Continued from Page 1)

Wilkins had gone there and had met the lawyer, and later when Miss Lange had quit her job the attorney's wife had traced telephone calls, through which Wilkins had communicated with Miss Lange. It was through this attorney, according to the defendant, that Mrs. Wilkins was led to bring the action.

BREAKS DOWN AGAIN

Wilkins broke down completely at this rendition, crying, "He was trying to part me from my wife, from whom I never wanted to be parted, and I've got to be parted for life."

Friedman then inquired as to Wilkins' explanation made originally to the district attorney, in which Wilkins had said, "You see, my poor wife had been drinking, and that's why I beat her up and that's why she fled to a sanatorium against me. She started drinking for about a year. She would go out with the boys and come back and would have been drinking, and the doctor said there was something the matter with her brain."

When this totally different explanation of the annulment suit was flashed upon him Wilkins became excited and cried:

"Everybody hounded me to death. I was questioned about this and that, and bullied and yelled at."

"And that's your explanation, is it?" pressed Friedman.

"That is."

"No more questions," concluded the assistant district attorney, and the defendant was turned over to his own counsel, Frank Murphy, for re-direct examination.

After Friedman opened his attack, he read from a statement made by Wilkins to Assistant District Attorney Isadore M. Golden on July 5, page after page of questions and answers in which the suspect denied that he had gone to Pacific and Broderick streets, either on the night in question or on any other night near that time.

"Did you make those answers?" demanded the state's counsel.

"Yes," said Wilkins quietly.

With the contradiction in evidence, Friedman was about to turn the examination adroitly to something else, when Wilkins interposed.

Leaning forward and ignoring Friedman he spoke directly to the jury:

"Ladies and gentlemen," he said, "I was married for ten years and I never loved any woman except my wife. Last February Helen Lange came from Germany. It is my disgrace that I was unfaithful with her, as she said I was. I know I did wrong. I confessed to my wife and she said: 'Henry, we will forget about it.'"

"Helen Lange tried to keep me from making up with my wife. I have never been with her since that trip to San Jose. But what could I do? She was my wife's sister, the children were fond of her and after my wife died she was like a mother to them. Could I throw her out of the house? Who would have taken care of my children?"

"I was ashamed of what I had done. I wanted to keep it away from the children. So, when they asked me, in the district attorney's office about going to Pacific and Broderick, I said I had not gone, because I knew if I did they would find out about Helen Lange and the things I was ashamed of."

At the close of his long and emotional statement, Friedman asked the jury to return a verdict of guilty.

Cutter Mojave Is Not in Any Danger

HONOLULU, Oct. 25.—(By the Associated Press)—The revenue cutter Mojave, which yesterday reported herself running short of fuel oil in mid-Pacific, in a wireless message to the Associated Press reported that all was well and that she was in no danger. The message stated that the weather was good, the vessel was making about 200 miles daily and expected to reach Honolulu Sunday.

Germans Attack Belgian Soldiers

BRUSSELS, Oct. 25.—A party of Belgian soldiers has been attacked and wounded by German civilians of Homberg, near Mors, Rhineland, according to the Libre Belgique. The military police have taken up the case.

EX-KAISER PICKS BIBLE VERSE FOR WEDDING SERVICE

"Greatest of These Is Love,"
Used At First Wedding,
Again Chosen.

(The religious attitude of William Hohenzollern, former German Kaiser, which is a trend of mind which has become more and more marked since his exile, was revealed today in the plans he is making for his forthcoming marriage to Princess Hermine of Reuss. The ex-Kaiser himself picked out the Biblical text to be pronounced at the ceremony.)

By S. D. WEYER,
International News Service Staff
Correspondent.

(Copyright, 1922, by International News Service)

BERLIN, Oct. 25.—"But the greatest of these is Love."

When these words will have been spoken at Dorn by the venerable court chaplain, Dr. Vogel, on November 6, the ex-Kaiser will be married for the second time when the charming Princess Hermine of Reuss—almost thirty years the bridegroom's junior and mother of five children, will be the successor to Empress Augusta Victoria. She will be the successor, not in point of pomp and prestige, but in a union made durable than crowns, to the Empress of Sorrows.

At the former Kaiser's own request the Scriptural lesson dealing with the union was the thirteenth verse of the thirteenth chapter of the first book of Corinthians. This was the identical passage used when he married Augusta Victoria 41 years ago.

The curious feature of this is the passage from the Corinthians, a translation by Martin Luther, German religious reformer. It is different from the English translation, the English text saying "charity," while the German text says love. International News Service has succeeded in learning the full details of the program to be observed by the ex-Kaiser.

It will be in strange contrast with the first newspaper details of the pomp-loving ruler. The arrangements are even simpler than any one thought they would be. The most striking illustration is the menu for the wedding breakfast, a copy of which has just been obtained by the correspondent before it was even given to the printer.

To satisfy the reader's appetite (for information) here is the fare as penciled by William on a piece of paper:

NUPTIAL BREAKFAST.

(To follow the marriage of the former German emperor and the Princess Hermine von Reuss.)

Bouillon in Cups

Salmon in Aspic

Ham with Cumberland Sauce

Shadroul of Fowl

Roman Punch

Fruit

Desserts

This menu will be printed on the back of attractively colored postcards bearing a view of the exiled monarch's home at Dorn. The wedding guests will reach Dorn on November 5. On the evening of that day the bride-to-be will reach Dorn, bringing with her little "Princess Sunshine"—the 4-year-old daughter Hermine, who is the only one of her children to be present at the wedding. Two others, Ferdinand and Carmo, will come to Dorn later to live, but will not reside with their mother.

BEBE SHARES HONORS WITH MOUNTBATTENS

CHICAGO, Oct. 25.—(By International News Service)—Lord Louis Mountbatten and Lady Mountbatten shared honors with Bebe Daniels, movie actress, at the Santa Fe station here today when England's titled pair and the Daniels party arrived on separate California trains a few minutes apart.

A floral shop delivery boy, befuddled by the excitement surrounding Miss Daniels' arrival, delivered to her a huge basket of roses intended for Lady Mountbatten. Miss Daniels accepted them, was photographed with them and willingly gave them up when the boy discovered his mistake and turned the flowers over to the rightful recipient.

Lord Louis enjoyed the mix-up immensely and showed his amusement.

Miss Daniels again put to flight rumors of an engagement to Jack Dempsey, world's heavyweight boxing champion.

Police Fail to Find Baby's Parents

All efforts of the police department to find the parents of the infant girl who was abandoned a day ago have failed. Police Inspector Joe Bright is still working on the case.

The baby was found on the front steps of the home of Mrs. S. J. McGinty, 4228 West street shortly after midnight. The cries of the child attracted the attention of a next door neighbor. She is being cared for at the Baby Hospital where she was taken by the police. The person who abandoned the child left a large bundle of clothes for her.

ASTOR BUYS PART OF LONDON PAPER

LONDON, Oct. 25.—(By the Associated Press)—It was announced last evening that John Jacob Astor, youngest son of the late Viscount Astor and brother of the present viscount, was associated with John Walter, present chairman of The Times, in the purchase of the interest in that newspaper held by the estate of Lord Northcliffe.

It was stated that John Walter had bought the Northcliffe interest after long negotiations, the negotiations would result in The Times reverting to the Walter family and adopting the policy of supporting the government of the day, although with complete independence.

The Times was founded in 1785 by John Walter, an ancestor. John Jacob Astor, born in 1886, served throughout the European war in the British army, attaining the rank of major.

Eton College Has Long Waiting List

LONDON, Oct. 25.—Eton college will open this year with 1139 pupils, the largest number which has been allowed to attend at one time. Last term 1124 pupils were enrolled, which is nearly double the 700 pupils allowed in pre-war days.

During the last ten years the numbers applying for admittance to Eton have been so great that the faculty took steps to increase the entrance requirements and the cost of tuition, but these measures failed to bring about the desired results. The college still has a long waiting list of applicants and is filled for many years to come. The practice is to enter a boy as soon as he is born to make sure of his gaining admittance at the qualifying age.

If you see it in The TRIBUNE tell them so

STANFORD LIMITS OPEN SEASON FOR CHARITY 'DRIVES'

Social Service Board Rules
According to Wishes of
Student Body.

STANFORD UNIVERSITY, Oct. 25.—Drives for charitable funds through organized campaigns and personal solicitations will be limited hereafter to one each quarter of the Stanford campus, in accordance with a decision made by the Social Service board at a meeting yesterday. The ruling is the result

of sentiment expressed by the student body through its executive committee, who recommended to the Social Service board last week that drives be limited in some way. The Social Service board formulated a system for the conduct of these quarterly appeals designed to give full opportunity for all worthy enterprises to rally upon the members of the student body for financial support while protecting the students from unexpected and too frequent calls on them. The system now in effect is expected to lead to support of worthy causes as well as to protection against embarrassments.

Once each quarter of the college year, including the summer session, all organizations which select that quarter for their campaign will be given an opportunity to do so at a stated time. Early each year, a list of organizations planning campaigns will be made public. The sentiment of the student body will then govern the action of the Social Service board in granting particular organizations the right to appeal for financial support.

BANDIT SLAYING JUSTIFIED, HOLDS CORONER'S JURY

Policemen Absolved of Blame
After Posse Details Pursuit of Pair.

After listening to a number of witnesses, including some of the bandit's victims, and officers in the posse who caused their death, a coroner's jury today, following an inquest, filed a verdict to the effect that William McMahon and Henry Schaffer, killed in a pistol battle early Sunday, met their death while resisting arrest, and that their slayers were justified.

One of the principal witnesses called during the probe was Patrolman Charles E. Jennings, of the eastern division, police department, who shot and killed McMahon after the bandit had him covered with his pistol. The slayer of Schaffer is not known as all of the posse, composed of some half dozen officers, were firing.

Jennings told of starting from the Eastern station under command of Captain Thorwald Brown to hunt down the bandits, of the meeting on East Fourteenth street, near Nineteenth avenue and the gun battle which resulted in the bloodshed.

Other witnesses were some of the bandit's victims, who were robbed by them before they fell before the officers' pistols.

Hallowe'en Frolic to Be Held Tomorrow

All preparations have been made for the Hallowe'en frolic to be given by the Y. L. L. tomorrow evening, at the Berkeley Tennis club. The committee has completed unique decorations.

The committee in charge comprises Miss Regina Monzo, chairman; the Misses Teresa Schmitt, Bess Duddy, Edna Armstrong, Josephine McCarthy, Irene Duddy, Alleen and Clair Hennessy, Rowena Traverso, Teresa Gillespie, Catherine Stapleton, Ava Lehan, Marion Selby, Grace Duddy, Patricia Reardon, Margaret Faulkenstein, Marie Herbert and Margaret Huber.

Warden Indicted When Prisoner Dies

DENVER, Colo., Oct. 25.—Warden Frank M. Kratke, of the Denver county jail was indicted by a county grand jury today, charged with "assault on a prisoner." The indictment grew out of the death of Alpha E. Ransom, an invalid, who was sent to jail in default of a ten dollar fine assessed in police court. The true bill charges that Ransom died from injuries received during a brawl in the prison, in which Kratke and other intervened.

Ed Allison, a guard at the jail, also was indicted, charged with assaulting Ransom.

Praises Eastbay JOHN S. DRUM, San Francisco financier, who predicts big future here.

EMERYVILLE, Oct. 25.—Emeryville and the other cities of the Eastbay are on their way to become the manufacturing center of the entire region west of the Rockies, comprising eleven states, and containing a population of nearly 8,000,000, President John S. Drum of the Mercantile Trust Company of San Francisco told the members of the Emeryville Industries Association at a luncheon here yesterday.

The country west of the Rockies is now the first time in history capable of becoming a self-sustaining region, with not only the necessary resources, but with a population large enough to justify and make profitable the manufacture within its own borders of all basic products, Drum said.

Not only is it now possible for the West to support itself from its own manufacturers, but this course is being made necessary by increasing railroad rates, the speaker declared.

WATER AND RAIL AID.

Because of the favorable combination of water and rail transportation, climate and other advantages to be found here, the great industries, and the branch lines of national-wide concerns, which are arising in the West to supply this huge unified market west of the Rockies, are to a large extent locating in the Eastbay, Drum said.

What the Eastbay needs to do in order to bring about the centralization here of the bulk of the manufacturing that is to supply the entire West is to develop its own manufacture of pig iron, cotton textiles, woolen textiles and shoes, the speaker declared.

Drum, whose bank, the Mercantile Trust Company of San Francisco, recently established a branch in Emeryville, was the guest of honor and principal speaker at the monthly luncheon of the association yesterday. In honor of the occasion, a program was presented by employees of the Berkeley branch of the bank.

The program consisted of vocal solos by Nelson McGee, accompanied by Miss Ethel Irvine, and recitations by Miss Emma Knox, who was also accompanied on the piano by Miss Irvine.

CONGRATULATED BY DRUM.

Drum complimented the Emeryville manufacturers, more than seventy of whom were present at the luncheon, upon the fact that they had been among the first to discover the advantages of the Berkeley shore of the bay from a manufacturing standpoint, which had lain almost unnoticed for 35 years.

For the community's future as an industrial center to have such financial facilities as were represented not only by his own bank, but by the three others that have located here—the American Bank, the Central National, and the Bank of Italy.

"You on this side of the bay, with your industrial and commercial future, are entitled to have the same banking facilities that San Francisco has," he said.

"In fact, from a business point of view, all of these cities constitute one great metropolitan area of a million people, grouped around the bay. In the largest sense we are one community, working for the development and welfare of the entire metropolitan district."

Alfred McKenzie, head of the Industries Association, presided at the meeting, which was held in the cafeteria of the Virden Packing Company's plant at Park and Harlan streets.

City Takes in \$1700 At 'Old Hoss' Sale

Monday's sale of old automobiles, tires, sailboats, rowboats, street sweepers and other articles brought \$1700 into the city treasury, according to City Engineer W. H. Harmon, who declares that the appropriation is now cleared of most of its old junk.

Everything was bought up except a horse-drawn roller, which will be retained for use on oil macadam streets.

Permit Taken Out For \$32,000 Bank

The Oakland Bank today requested a city building permit to construct a one-story brick bank at Coe and Ocean and Ocean View Drive, costing \$32,000. P. J. Walker is the contractor.

EASTBAY CENTER OF MANUFACTURES DECLARES DRUM

Bank President Predicts That
Emeryville and Other
Cities Will Lead West.

EMERYVILLE, Oct. 25.—Emeryville and the other cities of the Eastbay are on their way to become the manufacturing center of the entire region west of the Rockies, comprising eleven states, and containing a population of nearly 8,000,000, President John S. Drum of the Mercantile Trust Company of San Francisco told the members of the Emeryville Industries Association at a luncheon here yesterday.

The country west of the Rockies is now the first time in history capable of becoming a self-sustaining region, with not only the necessary resources, but with a population large enough to justify and make profitable the manufacture within its own borders of all basic products, Drum said.

WATER AND RAIL AID.

Because of the favorable combination of water and rail transportation, climate and other advantages to be found here, the great industries, and the branch lines of national-wide concerns, which are arising in the West to supply this huge unified market west of the Rockies, are to a large extent locating in the Eastbay, Drum said.

What the Eastbay needs to do in order to bring about the centralization here of the bulk of the manufacturing that is to supply the entire West is to develop its own manufacture of pig iron, cotton textiles, woolen textiles and shoes, the speaker declared.

Drum, whose bank, the Mercantile Trust Company of San Francisco, recently established a branch in Emeryville, was the guest of honor and principal speaker at the monthly luncheon of the association yesterday. In honor of the occasion, a program was presented by employees of the Berkeley branch of the bank.

The program consisted of vocal solos by Nelson McGee, accompanied by Miss Ethel Irvine, and recitations by Miss Emma Knox, who was also accompanied on the piano by Miss Irvine.

CONGRATULATED BY DRUM.

Drum complimented the Emeryville manufacturers, more than seventy of whom were present at the luncheon, upon the fact that they had been among the first to discover the advantages of the Berkeley shore of the bay from a manufacturing standpoint, which had lain almost unnoticed for 35 years.

For the community's future as an industrial center to have such financial facilities as were represented not only by his own bank, but by the three others that have located here—the American Bank, the Central National, and the Bank of Italy.

"You on this side of the bay, with your industrial and commercial future, are entitled to have the same banking facilities that San Francisco has," he said.

"In fact, from a business point of view, all of these cities constitute one great metropolitan area of a million people, grouped around the bay. In the largest sense we are one community, working for the development and welfare of the entire metropolitan district."

Alfred McKenzie, head of the Industries Association, presided at the meeting, which was held in the cafeteria of the Virden Packing Company's plant at Park and Harlan streets.

City Takes in \$1700 At 'Old Hoss' Sale

Monday's sale of old automobiles, tires, sailboats, rowboats, street sweepers and other articles brought \$1700 into the city treasury, according to City Engineer W. H. Harmon, who declares that the appropriation is now cleared of most of its old junk.

Everything was bought up except a horse-drawn roller, which will be retained for use on oil macadam streets.

Permit Taken Out For \$32,000 Bank

The Oakland Bank today requested a city building permit to construct a one-story brick bank at Coe and Ocean and Ocean View Drive, costing \$32,000. P. J. Walker is the contractor.

Wilson's War Views Told In Letters Sent by Lane

BOSTON, Oct. 25.—(By Associated Press.)—A series of history-making letters, describing in detail the American war cabinet and giving an intimate picture of Woodrow Wilson as he appeared while presiding over the secret meetings of his official family, was made public yesterday.

The letters, written by the late Franklin K. Lane, secretary of the interior in the cabinet of President Wilson from 1913 to 1920, have been collected and edited by his widow, Anne Wintermute Lane.

The correspondence reveals, among other things, how the President frequently lost patience with the tremendous problems confronting him, and how at other times discouragement caused him to prompt a degree that he was prompted to turn bitterly upon his advisers when they failed to agree with him.

The letters give a description of Wilson's attitude on preparedness before America entered the war; tell how he regarded the proposal to arm merchant ships, describe his opposition to anything approaching the "code duello" spirit at a time when the United States was neutral, and then, when great questions were pressing for decision, tell how he encouraged his cabinet to talk of trivialities while he went along on his own counsel.

Two Petitions Put Up Before Council

Two petitions were received by the city council today and referred to the proper authorities. One requested the indorsement by the council for the bridge across Carquinez straits, and the other petitioned against the proposed move to compel the incineration of all dogs with anti-rabies vaccine. The bridge petition, according to the officials, will be answered favorably.

MINISTER SCOUTS BIBLE MIRACLES AS "INCREDIBLE"

Retired Pastor Renounces
Faith Upon Which Christian
Church Founded.

NEW YORK, Oct. 25 (By the Associated Press).—The Rev. Samuel Davis McConnell, once rector of Holy Trinity church, Brooklyn, and for half a century a widely known clergyman of the Protestant-Episcopal church, in a book published today, renounces the faith upon which Christian churches are founded, dismisses as incredible the miracles recounted in the New Testament and defies the divinity of Christ. The jacket of the book bears the following:

"I have been for 50 years a minister in the church. I entered the ministry with enthusiasm, believing, as I did, that the church was the one organization in the world of divine institution, that it owes its origin to Jesus Christ and that he was the son of God. I have been reluctantly led to the conclusion that none of these things is true."

The church, Dr. McConnell believes, has in it much more of paganism than the life of Christ, and asserts that many, if not most, of the ceremonies of the church, are far older than Christ, some of them springing, he says, from the time of primitive man.

Dr. McConnell is now living in retirement near Easton, Md. The book, "The Life of Jesus Christ," is a chapter, entitled, "Jesus of the Gospels," would fill less than a column of newspaper space, and that far less is known of Him than of several other personages of the time.

Dr. McConnell's explanation of his book is brief. "So far I have been silent," he says. "I wanted to be sure before speaking. Fifty years is surely long enough for consideration. Now I openly avow my convictions and leave it to the church to do with me as it sees fit."

SLAYER OF WIFE TO STAND TRIAL DESPITE VERDICT

Coroner's Jury's Action No Bar to Prosecution, Holds State's Attorney.

FRESNO, Oct. 25.—George A. Harlow, held in jail at Madera following his confession of slaying his wife Sunday morning at North Fork, was formally charged yesterday with murder, according to Maxon Bailey, district attorney of Madera county.

Harlow, who has retained counsel, will appear before T. C. Short, justice of the fifth township, at O'Neal's tomorrow morning for his preliminary hearing. Bailey will appear against him, he declared yesterday.

"The verdict of the coroner's jury in this case, which was rendered under existing circumstances, does not concern me legally," the district attorney said yesterday. "A crime has been committed and my duty is plainly to prosecute."

"I believe we can establish the slaying and who committed the crime. The degree of the crime is up to the jury in the case, and may possibly be a reflection of the coroner's jury verdict, which declared it 'justifiable homicide'."

Harlow's attorneys said they will probably enter a plea of temporary insanity.

ASK THE TRIBUNE Bureau Information

"How many acres in the University of California campus at Berkeley?"

According to the controller's office the acreage is 531.8.

"May a person who recently lost a dear one and whose heart is not in the festivities of the holidays, use only white tissue and white ribbon to the Christmas packages? Would it be correct?"

Yes, or we would suggest a silver tinsel cord, too, that would be pretty and inconspicuous.

"X. Y. Z.—Unless you are divorced this money is community property. We do not answer legal questions in this column, so for further advice we refer you to the office of the prosecuting attorney, second floor, city hall, where a free legal advice is given from 2 to 4 p. m. daily, except Saturday and Sunday."

The TRIBUNE Information Bureau will answer all questions of a general nature, except school or legal problems, debates, trade and firm names and queries as to the time of day.

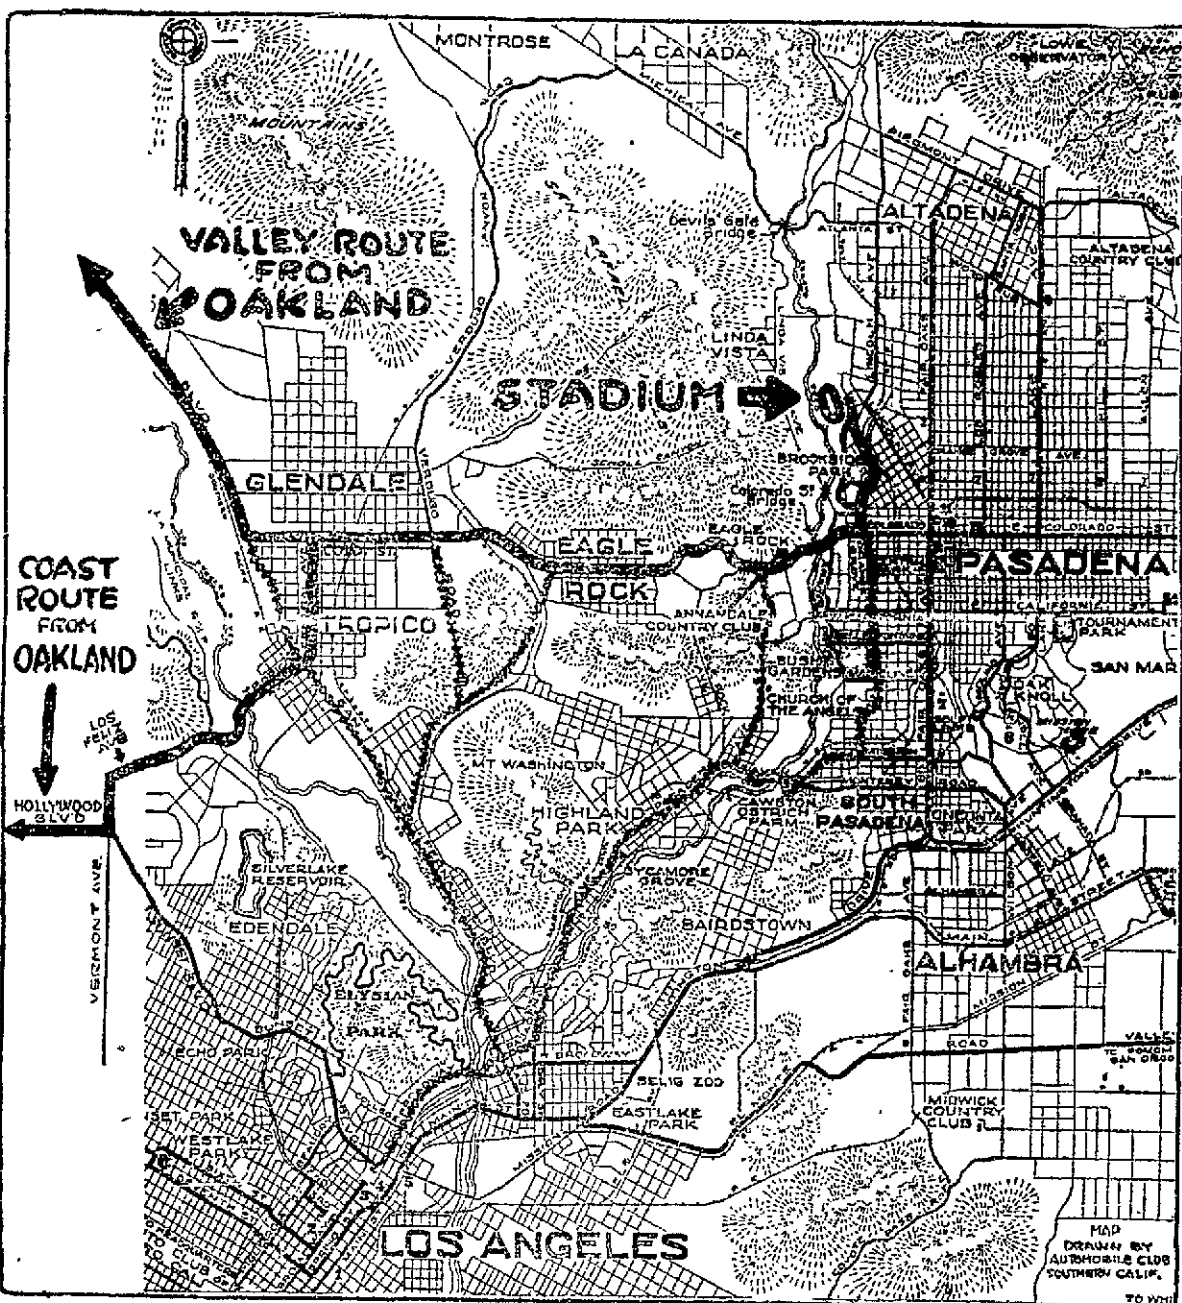

If answers are desired by mail, stamps must be enclosed. Quickest results can be obtained by telephoning to the bureau. If you have any problems of a general nature to solve, ask THE TRIBUNE Information Bureau, Lakeside 5000.

"Helen, who was reported to be cheerful, was non-committal."

H. C. Blanchard, 19, who was found with Mrs. Harlow, Sunday morning prior to the murder, yesterday began his 90-day jail sentence for a misdemeanor.

Here's How to Reach Pasadena Stadium

Motorists from the Bay region who are planning to go to Pasadena for the football game between California and the University of Southern California next Saturday, will find the map which appears here of value in pointing out the best route to the Pasadena stadium. Motorists going down the valley route should turn on Colorado street as they approach Glendale, the road indicated by the heavy black line being marked as the best route. This will take them through Eagle Rock to the stadium. Motorists using the coast route, when they reach Hollywood Boulevard, should turn from that avenue into Vermont avenue and thence right, as indicated, through Tropic, Glendale and Eagle Rock. By following the black line motorists who go to the South by either the Coast or the Valley route will find themselves free of heavy traffic and will save in the neighborhood of two hours and a half in making the trip.

Warden Indicted When Prisoner Dies

DENVER, Colo., Oct. 25.—Warden Frank M. Kralke, of the Denver county jail was indicted by a county grand jury today, charged with "assault on a prisoner." The indictment grew out of the death of Alpha E. Ransom, an invalid, who was sent to jail in default of a ten dollar fine assessed in police court. He died from injuries received from a beating administered while a prisoner. Ed Allison, a guard at the jail, also was indicted, charged with assaulting Ransom.

TRIBUNE STORY AIDS FINDING OF MATTHIAS HELDT

An article published in THE TRIBUNE several days ago to the effect that Amy Miller of Minneapolis had written to Sheriff Frank Barnett asking him to find out if Matthias Heldt was dead or alive, brought a response today. Heldt revealed that he was very much alive by writing to Barnett and asking that the letter from Miller be sent him. Heldt gave his address as 2215 Bunica court, North Berkeley.

High Mass Held For Mrs. Cadenasso

A requiem high mass was celebrated this morning at St. Peter's church in San Francisco for Mrs. Carolina Cadenasso, widow of Giuseppe Cadenasso, the artist who died on Monday in St. Mary's hospital, following an illness of several weeks. Interment was made in Holy Cross cemetery.

Mrs. Cadenasso made her home at 5223 Dover street, this city. She is survived by a son, Eugene N. Cadenasso. She was born in Italy 70 years ago.

Only Two Days Still Left In Tribune Photo Contest

Only two more days to go before the judges in THE TRIBUNE'S big Eastbay photo contest begin their work of selecting the winners of the prizes.

This means that you camera enthusiasts who want to get in on this big event must mail in your films right away. They must be postmarked before midnight on Friday.

There are four splendid prizes offered for the winners, prizes which will appeal to the users of all cameras. Hundreds of prints and films have reached THE TRIBUNE office up to date. Be sure and send in the film in addition to a print, in order that the picture may be enlarged for newspaper reproduction.

All you have to do in order to obtain valuable suggestions as to the kind of picture that will bring you the best chance of success is to glance through the Magazine pages of THE TRIBUNE for the past several weeks and note those that have already been selected from day to day during the contest.

Here are the conditions that must be observed by each contestant: All photos submitted must be of Eastbay scenes, incidents or persons. Contestants, in order to be eligible, must live in the Eastbay. The contest closes October 27.

Contestants will send one contact print AND THE NEGATIVE. The latter is necessary that we may make our own newspaper enlargements. Negatives will be returned stamped, self-addressed envelope is sent.

Address all entries to Photo Editor, Oakland TRIBUNE. Description of photo must accompany entries. If a portrait, the name of the subject must be given, with address. If a scene, location must be stated. If a novelty, description and location must be given.

All pictures found acceptable will be published in the daily magazine section of THE TRIBUNE. The judges who will select the winning entries are: J. S. Culver, chairman, photographic section of Oakland A.P. Association; J. W. Cartwright, expert amateur photographer; P. M. Harris of Alameda, member photographic section Oakland A.P. Association; Stanley V. Webb, Oakland and Berkeley, professional photographer; photo editor Oakland TRIBUNE.

Slaying of Bandits Probed by Coroner

A coroner's inquest was under way today as a result of the shooting of William McMahon and Henry Schaefer, auto mobile bandits, early Sunday morning by police officers.

One of the chief witnesses at the death probe was Patrolman Charles B. Jennings of eastern district station, who shot and killed McMahon after the latter had him covered with his pistol.

The two dead bandits yesterday were identified by James Russell, night clerk of the Station Hotel, Seventh street, as the two men who on October 19 held up the hotel and took more than \$1200.

The bodies of the men were taken to San Francisco today where they will be buried by relatives.

C-11 STRIKES HANGAR

NORFOLK, Va., Oct. 25.—While attempting to get away on a flight this morning to the proving grounds near Perryville, Md., the C-11 crashed into the side of her hangar at Langley field and tore a wide gap in her hydrogen inflated bag.

BERKELEY JOINS ARMISTICE FETE

BERKELEY, Oct. 25.—The biggest parade to be held in Berkeley in many years is promised on Armistice Day by members of Berkeley Post No. 7, American Legion.

Members of the Legion appearing before the city council yesterday secured the sum of \$250 to aid in decorating the city and in other preparations for the patriotic event. Blaise Van Vleet, chairman of the parade committee; Charles Lutz and A. R. Ahlgren made the appeal for funds to the council.

The aid of Berkeleyans in making the event a success was also asked by the Legion committee. Councilman Carl Bartlett declared that at least \$500 should be voted for the parade fund, but as the city treasury is in a depleted state the sum asked by the Legion committee was appropriated.

The Prizes

FIRST PRIZE—\$50 cash given by Oakland Tribune.

SECOND PRIZE—One No. 3A Folding Autographic Kodak (size 3 1/2 x 5 1/2), fitted with a kodak anastigmat lens, speed F 7.7 and kodak ball-bearing shutter and black leather carrying case. Retail price \$32.00. From Bowman Drug Co.

THIRD PRIZE—One No. 2C Autographic Junior Kodak (size 2 1/2 x 3 1/2), fitted with kodak anastigmat lens, speed F 7.7 and kodak ball-bearing shutter. Retail price \$23.00. From Bowman Drug Co.

FOURTH PRIZE—One Vest Pocket Autographic Kodak Special (size 1 1/2 x 2 1/2), focusing model, fitted with F 6.9 lens and kodak ball-bearing shutter. Retail price \$18.00. From Bowman Drug Co.

FIRST 5c STAMPS WITH 'T. R.' FACE GOING TO WIDOW

WASHINGTON, Oct. 25.—The first stamp of the new five-cent denomination bearing the likeness of former President Roosevelt will be presented to Mrs. Theodore Roosevelt next Friday when the issue will be placed on sale at Oyster Bay, N. Y., Roosevelt's home, at New York City, his birthplace and at the Washington Philatelic Agency. Five stamps each from the first sheet will be given to Theodore Roosevelt, Jr., assistant Secretary of the Navy, and Mrs. Alice Longworth, son and daughter of the former President. Except at the three offices named, the stamp will not be placed on sale elsewhere until the present supply of five cent stamps is exhausted.

A new-born babe affects the legality of a WILL

DID IT EVER OCCUR TO YOU what legal effect a new-born babe can have upon a WILL existing at its birth?

Unless the WILL carries clauses providing for a child born after the date it is legally signed, all sorts of complications may result in the disposition of property upon the death of either of its parents.

It is because changing conditions affect WILLS, and because property cannot be distributed until the laws governing such things are observed, that your attention is called to the importance of looking into the matter at this time.

Consult your attorney regarding your WILL. If you have no WILL, make one. If you have one, see that it is legally up-to-date in all respects.

In making your WILL, consider whether it would not be wise to have the Trust Department of this bank named therein either as your sole executor, or as co-executor with your wife or husband, as the case may be. There's a reason. Ask your lawyer.

DRY SQUAD NETS BIG WINE HAUL

Eight men were placed under arrest and the largest amount of wine secured in many months confiscated by members of the dry squad, who raided a number of places last night and early today. The men arrested, the place of the raid and the amount of wine seized, follow:

Joe Oddone, 353 Harlan street, 240 gallons of wine.

Hector Betti, 608 Washington street, 2 gallons.

Frank Marante, Frank Castro and John Morton, 801 East Fourteenth street, one pint of wine and one pint of jacks.

The dry squad consists of Officers George Berner, Wallace Canine and Clyde Miller.

Flying Ducks To Mark Poles Circling Lake

The 206 handsome permanent poles of concrete or terra cotta which will form the "necklace of light" around Lake Merritt will each have the figure of a flying duck upon the base or near the top.

This was decided today by Commissioner W. J. Bacaus and City Treasurer Bert Anderson preliminary to sending out the call for the national competition for designs for the permanent poles.

"A pole is a pole under ordinary circumstances, no matter how decorative," says Anderson, "and the average decorative pole might do for any old city. But we want something which typifies Oakland and Lake Merritt. The ducks of Lake Merritt are becoming as famous throughout the world as the pigeons of Venice. Therefore the poles, typifying Oakland, should have the figure of a duck on each pole."

Landscape Architect Howard Gilkey admits that the idea is appropriate, but sounds a warning lest a figure of a duck be undignified. It is admitted by all artists that a duck is in some ways a grotesque figure. "But it can be done," says Commissioner Bacaus. "A duck is no more undignified than a rooster, and the latter has been made into beautiful tables and pictures. We'll see if the American artists and architects cannot do something about the duck."

OFFICERS ARE CHANGED.
The following changes in officer personnel of the Organized Reserve Corps by orders from ninth corps area headquarters affecting Eastbay men have been announced. Second Lieutenants Walter E. Baird, Lloyd W. Crabtree, J. B. Leiser, all of Berkeley; Joseph L. Mortensen, of Oakland; assigned to the 516th observation squadron, G. H. Q., as pilots.

FIRE SAFEGUARDS URGED TO BLOCK MINE DISASTERS

Conference Adopts Plans
Proposed to Reduce Danger to Minimum.

SAN FRANCISCO, Oct. 25.—After an all-day session of the conference on fire hazards called by the State Industrial Accident Commission, recommendations, presented by Edward Higgins, president of the California Mineral and Metal Producers' Association, for safeguarding metal mines against fire, were adopted yesterday.

The committee was appointed at a meeting called by the accident commission for the purpose of outlining recommendations for future mine regulations and to reduce to the minimum possibility of another mine disaster.

The recommendations included the following provisions:

Regulation that will keep mines clear of combustible waste and trash.

Adequate rules for safe handling of oils and explosives.

Adequate insulation on all mine wiring underground and surface.

Posting of placards of warning of the danger of smoking underground.

Provision for sprinkling systems to keep shafts moist, or for concreting, painting or otherwise fireproofing shafts to the fullest extent practicable.

Installation of fire doors and provisions for at least two shaft exits from all mines.

Definite plans of action and fire fighting to be followed in case of emergency, with necessary fire drills to acquaint underground workers with the emergency program.

Signal systems of warning in underground workings.

Study of mine ventilation, with air current marked maps, and installation in large mines of fans where air circulation is variable.

SYMPHONY SEASON OPENS SATURDAY

ALFRED HERTZ, conductor of the San Francisco Symphony Orchestra, which will open Oakland season Saturday night.

Initial Event in Series of Ten Concerts to be Heard Under Hertz Baton

Plans for the Oakland symphony season indicate that a record crowd will attend the opening concert on Saturday night, according to announcement today by the Committee of One Hundred, in charge.

This is the initial event in a series of ten concerts to be given by the San Francisco symphony orchestra in the Oakland Auditorium theater. It was said by Miss Zannette W. Potter, who will manage the entire series. Succeeding concerts will be given at intervals throughout the winter, alternating with the artist's concert series.

Saturday night's symphony concert will be directed by Alfred Hertz and will offer the same program as will be used to open the season in various other bay cities. The world famous Brahms Symphony No. 1, and "The Fire Bird," are the outstanding features of this initial program, the committee announced.

Hertz has been quoted as saying that the Oakland Auditorium theater offers the best acoustics for music of any hall in the Bay cities, and the committee declares the results should be heard to the best possible advantage in the Eastbay city.

The series of ten concerts in Oakland was made possible only through cooperation of men and women leaders in various activities in this city who organized several weeks ago with the object of bringing the celebrated orchestra here for a full set of programs. All programs, it was announced, will either be the same or be in every way comparable to the programs given in San Francisco. For the first time Eastbay music lovers will be able to hear this music without crossing the bay.

Miss Potter announced a brisk sale of season subscriptions and single concert tickets at the Sherman, Clay and Company box office.

An elaborate high links and country fair will be held Saturday night in Alhambra pavilion by Oakland Boy Scouts to raise money for the annual distribution of Christmas baskets; it was announced today. Many surprises and novel features are promised by Scout Executive Homer J. Bemiss, among them the "hair snake," the captive airplane, haunted house, magic pool, plunge from Glacier Point and the trip to Mars.

In addition there will be refreshments and a long program calculated to interest the parent as well as the youngster. Bemiss said the price of admission will be 25 cents for adults and 15 cents for children, and that each will carry a coupon good for a ten cent purchase at the bazaar.

Last year the Scouts filled in and distributed hundreds of Christmas dinners to the needy by means of funds raised in this manner and the intention is to exceed last year's record, Scout officials declared. Scouts will aid in the arrangements and will be on duty during the entertainment.

Foothill Community Society to Gather
The Foothill Community Development Association will hold its regular meeting tomorrow evening at eight at the W. P. Fick school. All members are requested to be present.

Is Your Heart Misfiring?

Does it palpitate, flutter, throb or skip a beat now and then? Are you troubled with shooting pains in the heart region, shortness of breath, numbness in the limbs or other distress after eating?

Perhaps it isn't your heart that's at fault, but merely gas in the stomach pressing against the heart and interfering with its action. Get rid of this gas by taking Basalman's Gas Tablets and you should secure immediate relief from all disagreeable symptoms.

Basalman's Gas Tablets are compounded especially for the relief and prevention of gas in the stomach and bowels. They so direct to the source of the trouble and help to correct it.

Genuine Basalman's Gas Tablets come in a yellow package—price one dollar. Get a supply today from the Owl Drug Co., or any reliable druggist. J. Basalman, Chemist, San Francisco. Advertisement.

MUSIC NOT GIVEN CHANCE AT U. C., DECLARES HERTZ

Symphony Orchestra Conductor Criticizes Attitude of Faculty and Students.

Is too much attention being paid by college students to athletics, moving pictures and cheap entertainment and too little to the fine arts, particularly music?

Alfred Hertz, conductor of the San Francisco Symphony Orchestra, says there is. David P. Barrows, president of the University of California, says there is not.

The controversy is the outcome of Hertz' last concert on the campus which occurred on the night of the Pajamero Rally.

Enroute to the concert hall, the musician met one of the students arrayed in pajamas hastening across the campus. Conversation ensued in which the student professed preference for the rally as against the concert.

In fact, when apprised by Hertz that there was a concert on the program for the evening, the student remarked: "I should worry."

FACULTY IS CRITICIZED.
"The average student at the university has adopted an 'I should worry' attitude toward music, which, I maintain, is one of the best phases of education," said Hertz, commenting on the matter.

"But it is little wonder that the student neglects to attend symphony concerts when the faculty neglects to point out the advantages of musical development. I have gone the limit in popular selections every time the orchestra plays in Berkeley but it has no effect on the attendance."

"It seems to me that the university authorities should withhold permission for any other entertainment on the night of a symphony concert."

This President Barrows contends, is not the proper outlook on the subject. He says that the college student is taking more and more interest in music but that he cannot be compelled to attend symphony concerts.

MUSIC INTEREST GROWING.
"The student body is exhibiting a constantly growing interest in and appreciation of good music," said President Barrows. "Conductor Hertz may not realize it, but the activities of the university are probably more complex and varied than can be realized from the outside."

"While we duly appreciate the visits of the symphony orchestra,

Conductor Hertz must realize that our student body is free and independent and that we cannot compel its members to attend entertainments of this character.

"The proposal that we withhold permission for other entertainments on symphony concert nights

is impracticable and unfair, inasmuch as the entire student body could not possibly crowd itself into Harmon gymnasium, even though it might desire to do so."

If you see it in The TRIBUNE tell them so.

ROBBERS GET \$10,000.
STOUFFVILLE, Ont., Oct. 25.—Robbers early today cut all telegraph and telephone wires, broke into the Standard Bank, drilled open the safe door and escaped with approximately \$10,000 and a quantity of securities.

Important News!

Capwells

Smart Winter Coats

for the larger figure

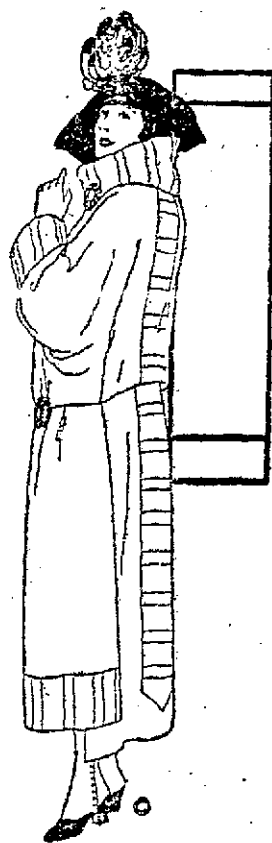

\$49.50

The stout woman must use the utmost care in the selection of her clothes in order to gain that trim, tailored appearance which she so much desires. These newly arrived coats will insure the coveted straight, slenderizing lines so necessary. Coats of bolivia or normandi in a gratifying array of styles and colors, priced very moderately at \$49.50.

\$65.00

In the group of coats priced at sixty-five dollars, the larger woman will find luxurious models of high grade materials. Many of them are trimmed with fur, which adds to the beauty and warmth of the garment. These coats were styled with the needs of the stout figure in mind, and consequently are "just right."

—Second Floor, Capwells.

Mr. Consumer, Do You Play Snap the Whip?

Buying your furniture away down the line, with a three thousand mile freight haul, high rents, salaries and other heavy expenses of the retail dealer between you and the factory, hits you with the full force of the lash, right where you carry your pocketbook. At the end of the lash you get the full force of high prices.

Come out to the factory, get your hand on the whip, and then swing it so as to get full value for your money, on breakfast room, dining room and bedroom furniture.

Are you going to overlook this opportunity when replacing your furniture, or furnishing that new home with the latest designs and will you give us the pleasure of showing you how you can save the jar on your bank account, when making this most important purchase?

Drive out and drive in, or take No. 8, J, or K cars. Reasonable terms.

SCHUBERT TOPIC OF MUSIC TALK

Frank Peter Schubert, his work and place as a composer, will be the subject of the illustrated lecture which is announced by Mrs. Elizabeth Stuart Brown in Ebbell hall for tomorrow night. The group of Schubert numbers which will be rendered by Mrs. Marie Partridge Price, soprano, will include: "The Question," "Whither," "To Be Sung on the Water," "To Music" and "The Young Nun."

CANADIAN OFFICIAL DIES
WACO, Tex., Oct. 25.—Frank H. Hewitt, 56, a commissioner of immigration for the Canadian government, died here today of a heart attack. He was found dead in his bed here today. Death was due to a paralytic stroke. Hewitt's home was in Winnipeg.

SULPHUR SOOTHES UGLY ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble, you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.—Advertisement.

DOG VACCINATION LAW IS IN EFFECT

BERKELEY, Oct. 25.—Vaccination was today extended to the dogs of the college city as a means of preventing the spread of rabies. An emergency ordinance which forces dog owners either to have their canines inoculated with anti-rabies serum or to keep them enclosed on or leash became effective today following final passage by the council yesterday.

Efforts to force all dogs to be vaccinated made by Mayor Louis Bartlett as a result of a plea from Mrs. Bernard Maybeck, wife of the well known architect, failed. Mrs. Maybeck, in pointing to the severe biting of several North Berkeley children, asked that a strict muzzle ordinance be enacted.

Dr. Ernest Pape, city health officer, and Dr. F. H. McNall, city veterinarian, declared that in their opinion the original vaccination ordinance as finally passed would give authorities power to control the situation.

Wife Accidentally Shot by Husband

SAN FRANCISCO, Oct. 25.—Accidentally shot by her own husband as she lay in bed, Mrs. Lila Stone of 1219 Forty-fourth avenue, died today in the Park Emergency hospital.

Clifford Stone, 25 years old, the husband, has been in the habit of leaving his revolver on a table at the bedside. The home is in a lonely neighborhood and has been much troubled with burglars. This morning Stone was about to put the weapon away when it went off and shot his wife in the leg. She was taken first to the Park Hospital and later to the San Francisco Hospital.

Business, Professional Women Plan to Hold Exposition 'Central' Always on Job, Eager to Please Patrons, Is Discovery

Exposition To Show Work Of Clubwomen

By EDNA B. KINARD.

A woman's exposition is being arranged under the auspices of the Oakland Business and Professional Women's Club for three days, beginning Wednesday, November 15. The Broadway clubwomen will lend themselves to the pre-holiday display, which will assemble representative work of the 225 members in a unique collection. Mrs. Howard L. Bacon is chairman of the special committee in charge of the November show. Assisting her are Mrs. Myrtle H. Cobb and Mrs. Eunice G. Pritchard.

Twenty-five tables will be available to the exhibitors. First applicants will be given the first choice. The public will be invited to attend the open house on Wednesday, Thursday and Friday, November 15, 16, 17.

"Way a Secretary of Education" is the question which Mrs. Sue L. Fratis, director of civic and patriotic activities in the Oakland schools and a club member, will answer following the regular Thursday luncheon in the Broadway quarters tomorrow. Interest which centers in the Towns-Stirling hall has prompted considerable measure by the club women.

To sell Oakland League of Women Voters to the various organizations of the city has been undertaken by a newly organized department in that club, which will cooperate with the membership committee. Mrs. Luella Ketchum, chairman. The speakers' bureau, under the leadership of Mrs. E. C. Eddy, will introduce the program of the civic center wherever it is found possible. Assisting her will be: Mrs. A. E. Thurston, Mrs. R. B. Danford, Mrs. E. E. Galt, Mrs. Mary F. Merrill, Mrs. F. H. Boren, Mrs. Frank G. Law.

"When Dreams Come True" will be featured along with the comedy "The Moonbeam Trail" at the moving picture show which Melrose Heights Parent-Teachers' Association announces in the school auditorium on Friday night. To add to the pleasure of the program the student orchestra will render several groups of selections.

Amendments to be placed before the voters of California on November 7 will be reviewed before members of the home department of the Manzanita Parent-Teachers' Association and their guests by Miss Helen MacGregor tomorrow afternoon. Mrs. L. E. Eastford will open her home, 2336 East Twenty-seventh street, for the informal occasion.

'Line Busy' Found Truth, Not Subterfuge to Annoy Public

By FRANCES MONTGOMERY.

Do you know any one on the face of the earth who does not, occasionally, have his troubles?

Of course, you don't. And the most annoying troubles are often the ones you cannot see. It is an easy matter to accept an unpleasant fact, but how exasperating and easy to doubt is the invisible annoyance.

Because we doubt what we cannot see we are the more prone sharply to criticize. If Mr. and Mrs. World could step into the Central office and see the operators at work, they would never accuse those girls of intentionally making any mistakes in their service and can tell you there is no chance for sleep. They are, without exception, on the job!

If the telephone operator had nothing to do but give you the wrong number and "cut you off" do you think she would have selected that job as her life work? No! Any one who makes telephone operator her vocation must have been inspired with the spirit of service, and I believe the girl at the switchboard, who controls the public because she wants to be.

After 15 minutes of watching the flashing of hands as they insert and disconnect countless numbers of little plugs, and listening to the hum and buzz of pleasant voices repeating millions of times the same thing, I was sure she was asleep at the switchboard. I shall never think these things again.

If Mr. and Mrs. World could step into the Central office and see the operators at work, they would never accuse those girls of intentionally making any mistakes in their service and can tell you there is no chance for sleep. They are, without exception, on the job!

No! Any one who makes telephone operator her vocation must have been inspired with the spirit of service, and I believe the girl at the switchboard, who controls the public because she wants to be.

After 15 minutes of watching the flashing of hands as they insert and disconnect countless numbers of little plugs, and listening to the hum and buzz of pleasant voices repeating millions of times the same thing, I was sure she was asleep at the switchboard. I shall never think these things again.

If Mr. and Mrs. World could step into the Central office and see the operators at work, they would never accuse those girls of intentionally making any mistakes in their service and can tell you there is no chance for sleep. They are, without exception, on the job!

No! Any one who makes telephone operator her vocation must have been inspired with the spirit of service, and I believe the girl at the switchboard, who controls the public because she wants to be.

Symphony Event on Social Calendar

The concert of the San Francisco Symphony at the Oakland Auditorium next Saturday evening, which is the initial one of a series for the season, is an outstanding event on the social calendar for the Eastbay smart set. The appearance of the orchestra on this side of the bay marks the attainment of a long-cherished hope on the part of the Eastbay music lovers.

Since the announcement that Oakland would sponsor a series of concerts many reservations have been made by social leaders for season tickets, and the success of the concert from the standpoint of society events as well as the production of the best in music has been assured.

A number of Piedmont and Claremont matrons are planning dinner parties preceding the concert. The supper parties to follow will also be important events. No host affairs at some of the larger hotels are being arranged by members of the younger married set. It is anticipated this first night will be a great night and all the details of the concert will closely resemble the opening night of the opera in Gotham.

EASTBAY HOSTESSES COMPLIMENTED MATRON

As a farewell to Mrs. Harry Houghton, who leaves soon to establish her home in the south, Mrs. Horace Meek entertained six-teen matrons at her home in Piedmont yesterday afternoon. The affair was one of a series of events given recently in compliment to Mrs. Houghton by Eastbay hostesses.

Announcements have been received of the marriage of Miss Margaret L. Loring, daughter of late Johnson Ford Street and Mrs. Loring, to Mr. Loring, son of the late William Loring of San Francisco, which was solemnized Oct. 5. The quaint little St. Luke's Episcopal church in Los Gatos was the setting for the sunset service, which was read by Reverend Alexander Allen of St. Mark's Episcopal church. Only the immediate relatives were present at the service.

Miss Marion Loring, sister of the bridegroom, was maid of honor and Helen C. Street, brother of the bride, acted as best man. Loring is the son of the Frank B. Loring of San Francisco and a graduate of the University of California. Following a honeymoon in the southern part of the state the couple will reside in San Francisco, where Loring is practicing law.

WILL INTEREST COLLEGE SET

An engagement of interest to the college set is that of Miss Rita Robertson, daughter of Dr. and Mrs. C. L. Robertson of Modesto, and Louis Frederick Le Hane, son of the Frederick Le Hane of Berkeley, which is being announced by means of daintily engraved betrothal cards sent through the mails. Miss Robertson is a member of the Alpha Phi sorority and the Pi Kappa Phi and Phi Kappa Phi Honor societies.

Le Hane, who is a brother of Miss Ruth Le Hane, a prominent student on the campus a few years ago, is a member of the Beta Beta Beta and has taken an active part in campus athletics. The wedding is planned to be an event following the graduation of the young people from the University of California.

The home of Mrs. Helena Rheem on Orchard street will be the setting for a large bridge party November 9, when Mrs. Rheem and her sister, Mrs. Joseph Le and Smith will entertain guests from both sides of the bay. Mrs. Rheem's son and daughter-in-law, Mr. and Mrs. Donald Rheem (Alice Goodfellow), who have been her house guests for the past fortnight, will soon take possession of their own home.

In honor of the third birthday of her little daughter, Mrs. Dudley Dexter has invited a group of the younger matrons and their little ones to a party next Tuesday afternoon. Halloween appointments will be carried out for the occasion.

WILL PRESIDE AT SATURDAY TEA

Mrs. Samuel E. McLenehan and daughters, Mrs. Cutler McLenehan and Miss Edith McLenehan, will preside at an interesting tea Saturday afternoon when they will open their Berkeley home for a tea in honor of Mrs. Henry Haines, wife of a distinguished army officer. Mrs. Haines, a former Berkeleyan, has just returned to the college city to establish her home after an absence of three years in Washington, D. C., where her husband has been stationed. More than a hundred of the smart set have been bidden to greet Mrs. Haines and to bid bon voyage to Mrs. Samuel McLenehan and her daughter, Miss Edith, who are leaving shortly after the first of the year for a tour of the world.

Miss Lillian Ramsay will preside as hostess at an evening party and shower in compliment to Miss Amybeth Payson, betrothed of Ernest Milliken, next Friday evening at her home on College avenue. Mrs. Millicent Fargoe and Mrs. James Pritchett will assist the

CHICAGOAN SUED FOR DIVORCE HERE

Otto Young Schnerling, wealthy wholesale candy manufacturer of Chicago, is made defendant in a divorce suit charging extreme cruelty in the superior court by Mrs. Dorothy Bent Schnerling, who is residing in Oakland.

Declaring that her husband is a man of "violent temper and very selfish," Mrs. Schnerling says they separated on January 6, 1921, after all her efforts to bring about a reconciliation had failed.

For two years she assisted her husband in his business, says Mrs. Schnerling, and then returned home and cooked the meals. This, combined with her husband's attitude of being morose and sullen, caused her to become a victim of insomnia. She also advanced him \$31,500 to use in the business and he returned only \$3,350 of it to her, the wife says.

Further cause for differences was contained in Schnerling's refusal to have children or to adopt a child. He declared children were an "expense and brought no return," she says.

Stating that a property settlement has been made between them subject to approval by the court, Mrs. Schnerling does not ask for alimony but for permission to resume her maiden name of Bent.

Hostess in receiving. A score of guests will be present.

Mrs. Leon Clark will entertain a group of friends at luncheon November 14 at the Hotel Oakland. Bridge will be the diversion of the afternoon following the repast. The Clarks have recently returned from Mt. Diablo Country club where they have been domiciled during the summer months and have taken apartments in the Hotel Oakland.

Invitations have been issued by Mr. and Mrs. Albert Biehl and Miss Josephine Park for a bridge party, Friday evening, November 3, when they will entertain two scores of the younger set at the Joseph Park home in Claremont. Mr. and Mrs. Goldwyn Carrington Dinwiddie (Harriet Rinder) whose marriage was a recent event and the Misses Dorothy Dukes, Marion McCrory and Lorena Kinney, brides-elect of the season, will be the guests of honor for the affair.

Mrs. Ray Simonds will entertain a coterie of friends of Miss Dorothy Dukes at a tea November 13 at the Fairmont Hotel.

Watsonville Man and Sacramento Girl Wed

WATSONVILLE, Oct. 25.—John Dumovich, local apple packer, was married Monday to Miss Francis Martindale of Sacramento. The wedding occurred in the city. Mrs. A. Hephel of Sacramento and Antone Gospodnetich of this city were matron of honor and best man respectively. The couple will reside in this city.

RUN DOWN PEOPLE NEED RICH BLOOD

YOU never heard a doctor say "He's all run down, but his blood is pure and rich." The best thing—the biggest thing—that Gude's Pepto-Mangan does is to purify and enrich your blood. These weary, run down, dragged out feelings will disappear, and the oldtime vim and "pep" come back again. Get Gude's Pepto-Mangan today.

At your druggists—liquid or tablets, as you prefer.

COMMITTEE MAPS CELEBRATION OF ARMISTICE DAY

Oakland National Guard to March; Stores May Close During Parade.

Details for the Armistice Day celebration to be held in Oakland on November 1, under the direction of the veterans' organizations, were further advanced at a meeting of the committee last night at the city hall.

Due to the plans of two other cities, Berkeley and San Francisco, for an Armistice Day celebration, definite information as to the number of National Guard and regular troops available for the parade in Oakland was obtained by the committee. By special order of the adjutant general's office, all National Guard troops whose headquarters are in Oakland will participate in the Oakland parade, while those stationed in other cities will parade there.

The offer of the commandant of Mare Island to furnish a unit of Marines and a Marine Band was accepted by the committee, as well as that of the R. O. T. C. of the Oakland schools. Boy Scouts, Airmen, Scouts, Woodmen, Scouts, Native Sons, Oakland firemen and all veteran organizations in the city, to furnish bands and marching units.

DISABLED TO RIDE.

Committees were appointed to arrange transportation for the disabled men, who will take part in the parade, for transportation to accommodate the troops from Mare Island, and to arrange the literary program which will take place at Lakeside Park, following the parade.

Major H. F. Huber will act as marshal. The parade line-up will be similar to that of last year.

A committee also was appointed to seek the co-operation of the Oakland merchants in closing their stores during the time of the parade and exercises at the park. It was stated that the stores would close providing the San Francisco merchants indicated that the San Francisco merchants will close at least two hours, and there is a possibility of their closing for half a day.

There will be no activities during the afternoon of Armistice Day, except the show at the auditorium, which is being given during all of Armistice week by Oakland Post No. 5 of the American Legion. The public will be invited to attend the show in the evening, instead of the usual fireworks display on the lake, which will not be held this year.

Bestor Robinson, chairman of the general committee, has requested that all organizations expecting to participate in the parade correspond with him at once, under the city hall.

Northern Ducks Strangely Short On Lake Merritt

Park Department's Head Seeking Reason For Late Arrival of Fowl.

What is holding up the northern ducks? By this time they should be paddling blithely in Lake Merritt?

Superintendent Lee Kerfoot of the park department asserts that hardly a northern fowl has come to Lake Merritt, though the season is far advanced. No trace has been found of them in the hunting marshes around the bay, either. Altogether, their non-arrival makes Lake Merritt about 1000 short of its quota for the season of the year.

"The ducks now on the lake," says Kerfoot, "are the California-bred variety down from the rice fields. But the big migration from the far north has not started. There may be an Indian summer or something which makes them start late."

"There is no mistaking the northern variety. Their plumage is longer and more brilliant, and their wings are stronger."

The lake has plenty of ducks. It is admitted, but not the 20,000 which the city officials expected. The aristocratic swansback, latest of all the arrivals, has not been heard from, either.

Worker Admits Making, Selling Wine, Is Freed

BERKELEY, Oct. 25.—The fourth attempt to convict Frank Perry, laborer, of 1915 Addison street, of bootlegging failed this morning in Judge Robert Edgar's court.

As a result 400 gallons of wine and assorted liquors seized by the police department a month or more ago must be returned to the Perry home.

Perry in court this morning admitted making and selling wine. There was no corroborative testimony offered by the police and Judge Edgar ruled that a man could not be convicted on his own statements alone. Perry gained his freedom last week on a charge of transporting liquor because of a legal irregularity in the wording of the complaint.

Junior College Plans Discussed by Board

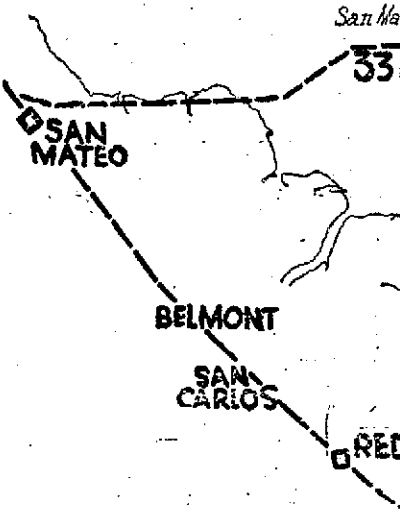

MODESTO, Oct. 25.—Architects from Sacramento, San Francisco, Stockton, Turlock and Modesto were present at the meeting of the board of education last night when preliminary plans for construction of the first unit of the junior college on the North Tenth street site were discussed.

Plans will be submitted at the next meeting of the board, October 29, by the architects.

SAN MATEO TO ALVARADO BRIDGE PLAN IS URGED

Oakland Chamber of Commerce Committee to Act On Communication.

A Chamber of Commerce committee is to make an investigation of the proposal for the building of a toll-bridge by private capital between San Mateo and Alvarado, as the result of an appeal made

for that organization's endorsement last night by the Hayward Chamber of Commerce.

The members who are to constitute the committee will be named within the next few days by Joseph H. King, president of the local chamber, in accordance with action taken by the board of directors at last night's meeting.

In a letter which was presented to the directors by Blanks Everett, secretary of the Oakland Chamber of Commerce, M. A. W. Lee, secretary-manager of the Hayward chamber, outlined the project and gave a history of the steps leading up to the present proposal that it be given the endorsement of the Oakland organization.

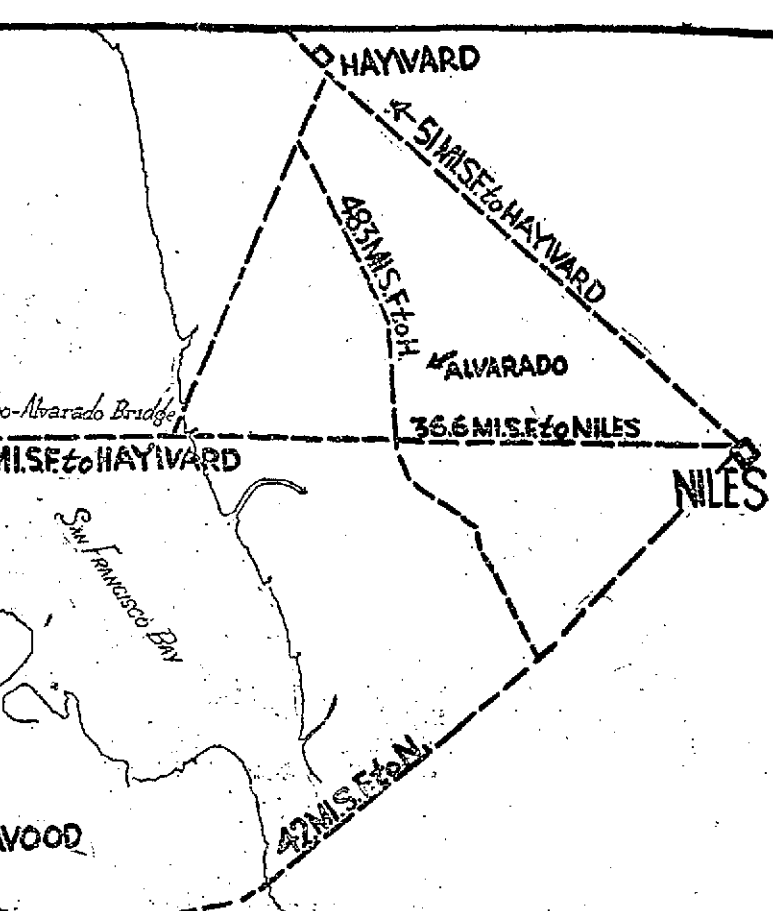

WOULD MEAN BIG SAVING.

In his letter, Lee stated that an estimated saving of \$1,250,000 a year to automobile users would be effected through the shortening of the distance between San Francisco and this side of the bay by means of the proposed bridge. The bridge, he declared, would make the actual running distance from San Francisco to Hayward 36.6 miles.

The Chamber of Commerce committee which is to be appointed by President Joseph H. King will investigate the project from the point of view of its probable value to Oakland and the remainder of the Eastbay, and after a conference with the Hayward Chamber of Commerce, at which time the latter

Proposed Bay Bridge Route

Map showing projected location of \$6,500,000 toll-bridge between San Mateo and Alvarado, which the Oakland Chamber of Commerce was last night asked to endorse, and, farther south, the route that would be followed if the bridge were built from Redwood City to Newark instead.

manager of the Three Cities Chamber of Commerce.

"Blanks Everett, secretary Oakland Chamber of Commerce, said: 'In accordance with my conversation with you over the telephone this morning, I am sending the following digest of our activities relating to the bridge across San Francisco bay from Little Coyote Point in San Mateo county to Alvarado in this county.'

"On Tuesday, April 18, Mr. E. A. Hey, our president, and myself attended a meeting of the Three Cities Chambers of Commerce—San Mateo, Burlingame and Hillsborough—at San Mateo. The 100 Per Cent Club of San Francisco had a large attendance. At this meeting, Mr. C. A. Pistolesi and Mr. John B. Leonard, both civil engineers representing the 100 Per Cent Club of San Francisco, addressed the meeting, giving the engineering data regarding the feasibility of building such a bridge. It was pointed out that while this bridge would cost approximately \$2,000,000 more than a bridge farther south, at the Dumbarton cut-off, there would be an enormous saving annually to those who used the bridge. We at that meeting stated that the Hayward Chamber of Commerce would support any bridge across the bay, and that the further north it was located the better we would be pleased.

ASSOCIATION FORMED.

"On June 30 I accompanied our transportation committee, to Niles to a meeting at which was organized the Bridge-the-Bay Association of Alameda county, the object of which is to promote a bridge across the bay, and the necessary highway construction in Eden, Washington, Pleasanton and Murray Townships.

"July 28 this same committee attended a meeting of the association at Centerville. At this meeting we endeavored to have passed a motion instructing the secretary to acquaint your organization with the fundamentals of this bridge association. Thursday, October 12, our board of directors held a meeting which was attended by the following: Frank Elbridge Webb of the Bensen Engineering Company of New York and the Keystone State Construction Company of Philadelphia; John B. Leonard, civil engineer of San Francisco; E. A. Pistolesi of the Hundred Per Cent Club of San Francisco; Charles Hildebrecht of the Board of Supervisors of San Mateo county, and John J. McGrath, president of the Three Cities Chamber of Commerce; Harry Peckham, chairman of the transportation committee of the Three Cities Chamber of Commerce; Dan O'Connell of the San Francisco Journal; Captain Daniel C. Imboden, secretary.

POLICE DRILLING TO RESUME UNDER MODIFIED PLAN

Members Showing Proficiency Will Be Excused, Says Commissioner.

The regular weekly drill of the Oakland police department, postponed during the railroad strike and during the transfer of army officers in this district, will be resumed Thursday afternoon, and all policemen eligible have been requested to report.

In contrast to the earlier methods, the drill will be mainly conducted under police captains, with only one instructor detailed weekly from the R. O. T. C. officers in the city.

At a conference between Commissioner Colbourn and Colonel Charles Lawrence, U. S. A., it was agreed that policemen will be grouped according to their proficiency in drill and the most efficient ones will be excused from drilling except perhaps once per month. Drill Group A-1 will be formed for those who are most expert, and men who have passed the tests of this group will be excused except for occasional inspections to see that they keep up to standard.

"The police drill is not entirely popular with some of the men," admits Commissioner Colbourn, "but it has helped bring the force to a high standard. The new method gives a policeman a way out of the drill if he proves himself proficient; and under this stimulus I believe that every man will strive to become proficient. After all, it must be remembered that a police department is a semi-military organization."

Autopsy to Be Held Over Late Rancher

SANTA ROSA, Oct. 25.—An autopsy will be held tonight to determine the cause of death of John Elliott, aged 65 years, who was found dead in his bed yesterday in a local rooming house. Elliott has been employed for many years on the Jack London ranch near Glen Ellen and has no known relatives.

Women Boxers Equal to Men, Says Teacher

University Instructor Urges Glove Work For Girls As Best of Athletics.

BERKELEY, Oct. 25.—"Women make just as good boxers as men," declares Stanley Jones, instructor in boxing at the University of California, who is strongly advocating the adoption of the sport by co-eds. Although Jones does not believe that women should adopt prize fighting as a profession, he maintains that boxing in moderation is the best athletic activity that they can take up.

"Boxing teaches muscle control, agility and co-ordination," declares the university instructor, who wants to know why the men should keep all of these advantages to themselves.

MINER WORKING GRAVEL RUNNING \$15 PER FOOT

SOMORA, Oct. 25.—Gravel running as high as \$15 to the foot is being mined by Arthur West in his placer claim above Confidence. He has encountered an old channel which the early day miners failed to notice, and is working quietly away, taking out a small bonanza every week, as it is an easy matter to dig out and wash several feet of dirt daily. West, however, explains that the mine does not yield \$15 to every cubic foot, but occasionally pays him only a few cents. However, he has a nice little fortune in sight, as he has sufficient channel to keep him mining for some years, in all likelihood.

Four Wounded in Pacific Grove Battle

SALINAS, Oct. 25.—Four persons were injured at the Pacific Grove municipal camping grounds last night when John Wood drew a pistol and opened fire, wounding his wife, Mrs. John Wood of San Jose, Owen Ward and P. C. Lowell, according to information received at Salinas by Sheriff W. J. Nesbitt. Lowell sustained Wood's fire, wounding him.

According to the police at Pacific Grove, Wood started the shooting without warning or apparent provocation.

The injured were removed to the Pacific Grove hospital.

IRVIN D. MARTIN, WIDELY KNOWN PRINCIPAL, DIES

Prominent Educator of East-bay School System Succumbs Suddenly.

Irvin D. Martin, principal of Intermediate High School, and one of the best known educators in this part of the state, died suddenly this morning at his home in this city. He is survived by a widow. Arrangements have not yet been made for the funeral.

For twenty-four years Martin has been connected with the Oakland school department. He has served as principal in the following schools: Piedmont Avenue, four years; Grant, five years; Longfellow, two years; Intermediate, thirteen years. Martin was one of the most influential men in the department. He was director of the Oakland Teachers' Club and on many occasions represented the local teaching forces at conventions and institutes.

Although he had been in poor health for some time, no concern was expressed for his condition. His residence was at 53 Fairmont avenue.

Sensible, Thinking Women no longer doubt the efficacy of that old-fashioned root and herb medicine, Lydia E. Pinkham's Vegetable Compound, because it relieves the ailments to which they are afflicted. In almost every neighborhood there are living witnesses of its wonderful effects. Therefore, if you doubt its value or power to help you, ask your neighbor, or the friend of ten who has been benefited by its use or knows someone who has. It will pay you to give this root and herb medicine a trial.—Advertisement.

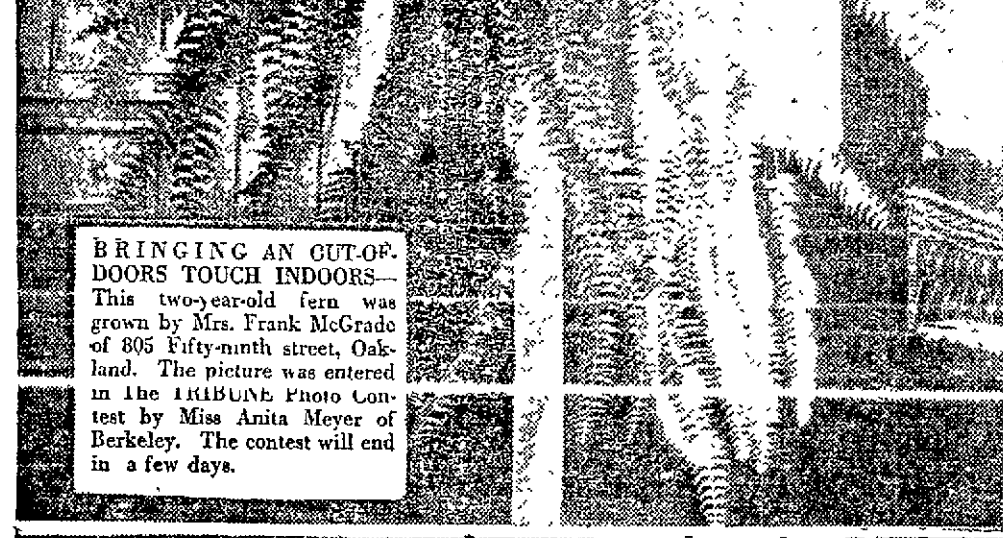

A Page of Contest Photos

THIS DAY'S WORK DONE!—Laddie Gray became so tired wheeling his toy wheelbarrow, that he just naturally dropped in his tracks when the whistle blew. A wheelbarrow is a wonderful vehicle in which to ride to Dreamland. Try it some time. This picture was entered in the contest by Mrs. Estelle Gray, 403 Central avenue, Alameda.

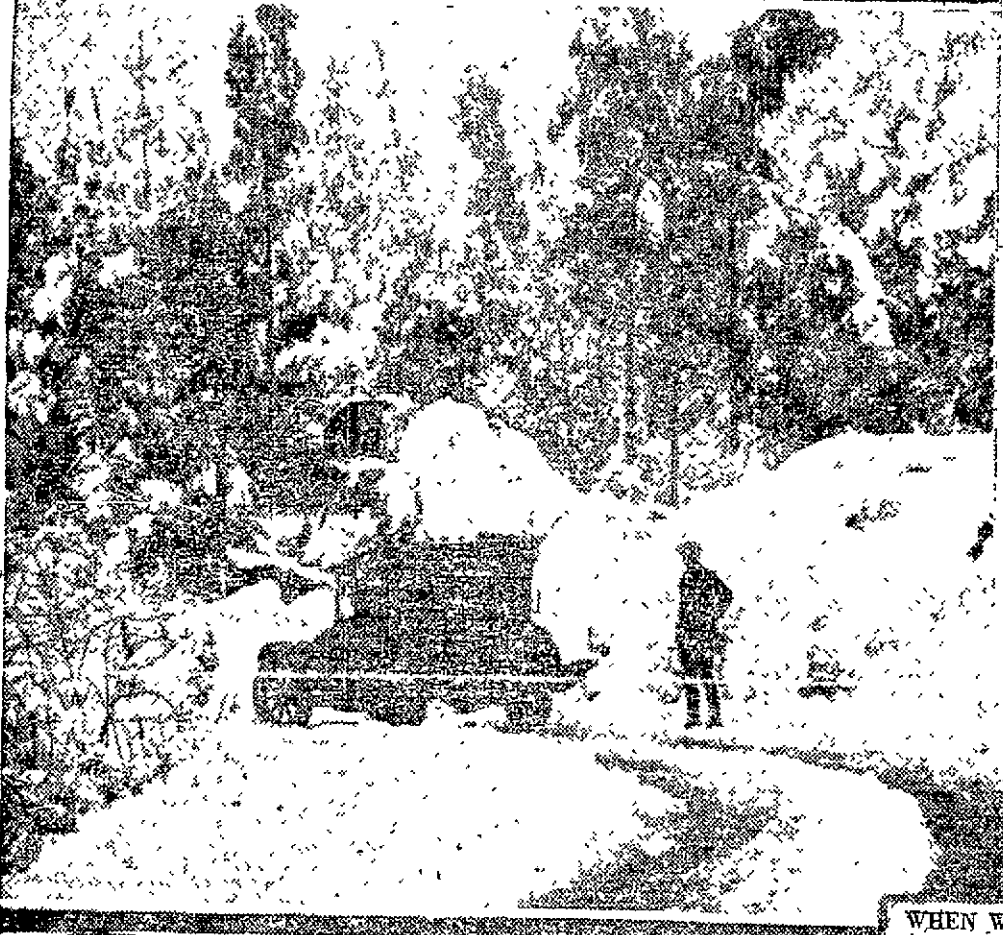

FLOWERS IN THE GARDEN OF YOUTH—This picture of 27-months-old Richard Frank Burris was entered in the contest by Mrs. W. A. Burris, 1553 Eleventh avenue, Oakland.

BRINGING AN OUT-OF-DOORS TOUCH INDOORS—This two-year-old fern was grown by Mrs. Frank McGrado of 805 Fifty-ninth street, Oakland. The picture was entered in the IRVING Photo Contest by Miss Anita Meyer of Berkeley. The contest will end in a few days.

THE DAY EVERYBODY "CHAWED BEEF"—This picture was taken at the Redwood Peak Barbecue held in connection with the Save Oakland's Sequoias campaign. The photo was submitted in the contest by C. C. Powell, 1805 California street, Berkeley.

WHEN WINTER COMES TO OAKLAND, he doesn't usually bring so much white paint along to touch up the landscape. This unusual scene (unusual for this climate) shows a portion of Skyline Boulevard where the hills were blanketed with snow last winter. The picture was submitted in the contest by Stuart E. Strong, 268 Jayne avenue, Oakland.

"BOWLING 'EM OVER" on Bowling Green, Lakeside Park, Oakland. This photo was submitted in the contest by Mrs. Howard B. Peterson, 2306 Waverly street, Oakland.

A LETTER TO SANTA CLAUS—Remember how we used to write letters to the patron saint of Yuletide and throw them into the fire and watch them go up the chimney? It wasn't exactly in accordance with the postal regulations, but somehow it nearly always seemed to get results. This picture shows Donald Hayne dropping a missive into the Christmas mailbox. The photo was entered in the contest by H. Hayne, 4031 Agua Vista street, Oakland.

Uncle Wiggly Stories

UNCLE WIGGLY'S BROKEN CHAIR.

NURSE Jane Twisty Wuzzy was out in the kitchen one day, making a carrot shortcake, when all of a sudden there sounded a loud crash in the living room of the happy bungalow.

"Merciful goodness! So something had happened to Uncle Wiggly!" cried the bustling little housekeeper, for the bumpy public gentleman was in it.

Dropping the pan in which she was mixing the cake and with her paws covered with flour, Miss Twisty Wuzzy ran to the door of the living room in the center of the floor where a broken chair lay.

"About him were the things, legs seat and back of it, all broken." My goodness! What are you doing? Nurse Jane.

"Nothing now! I'm not doing anything!" answered the bumpy rabbit easy like, and went on to say: "It's all done."

"But what did you do?" asked Nurse Jane. Surely something happened. My chair broke with me and I fell!"

"It's a wonder you weren't hurt!" went on Nurse Jane. How did it happen?"

"Yes" was the answer "something happened, Uncle Wiggly!"

"Well, cutner I am getting too heavy or the chair is too weak to hold me up any more," answered the bumpy rabbit. "Not that it much matters, for here I am, as for the chair, I'll throw it out for you."

"Oh, don't do that!" cried Nurse Jane. "Perhaps the chair can be mended. All I see broken are the legs. They can be glued in."

"I'll never sit in it!" laughed Uncle Wiggly. "and I wouldn't want Mrs. Twisty! the pig lady, to sit in it even after it is glued. She would break down."

"Maybe," said Nurse Jane.

MILLS COLLEGE COUNCIL MEETS NEXT SATURDAY

College Tea Room on Campus to Be Formally Opened On Same Day.

The annual council of the Alumnae Association of Mills College will be held in Alumnae Hall, on the campus, Saturday, November 4. Ralph P. Morris, chairman of the finance committee of the board of trustees; Lyman P. Morris, director of Mills College Endowment Fund campaign, and Dr. Aurelia Henry Reinhardt, president will be the speakers following the luncheon. Mrs. Gertrude, Holmes Kierulff, president, will preside.

The College Tea Room on the campus will be formally opened on the same day.

Juniors and high sophomores in Mills College will begin to take Dr. Esther A. Caw, associate dean, tomorrow. Last month, 182 freshmen were given the tests. A tabulation of the results shows that the western girls compare favorably with their eastern sisters, according to those in charge.

Sophomore and freshmen debating teams tonight will discuss the subject, "Resolved, that the League of Nations has failed." The annual senior-junior debate will be held November 22. The subject will be, "Resolved, that the War Debts of Great Britain, France and Italy to the United States should be canceled by the Government of the United States." Tryouts will be held Tuesday Miss Esther Cawkin, San Francisco, is president of the debating club.

Albert M. Bender of San Francisco was named an honorary member of the class of 1923 at the annual senior dinner in Mills Hall Monday night. The guest of honor presented to the class two paintings by Joseph Raphael which will be hung in the "Senior Parlor." Officers of the class are President, Helen McConnon, Santa Barbara; vice president, Adelaide Kibbe, Berkeley; treasurer, Marian Reeves, Pasadena; secretary, Julia Tuggle, Stockton.

Among the young women who had part in "L'Allegre" at the "On the Parade," the Bernard comedy which is the first of a series of French plays to be produced by the Cercle Francaise de l'Alliance Francaise, were Esther Johnson, Martha Faulstich, Elizabeth, Dorothy Fifer, Edith Solomons, Carolyn Fromberg and Katherine Greenleaf.

THIRD DEGREE GIVEN. RICHMOND, Oct. 25.—Alpha Lodge of Masons conferred the 3rd degree last night in Masonic hall, the work being put on by the degree team of Durrant lodge of Richmond.

The evening closed with a banquet by the committee composed of Hutt Brown, chairman, assisted by J. McGrath and Bert Hall.

BENDS OWN DEATH NOTICE. IN INDY.—In an insurance fraud, Henry Mallory sent notice of his own death to all the newspapers.

20 Eggs a Day From 24 Hens

"Never Got So Many In My Life," Says Mrs. Dean.

"I started using Don Sung on Jan. 1. My 24 hens which had been laying only 8 or 9 eggs a day, soon began laying 18 to 20 eggs a day and have laid ever since. I never got so many eggs before in my life and I have been a poultry raiser for 25 years."—Mrs. Edna Dean, R. 3, Coville, O.

No guess-work about this Mrs. Dean kept her egg record for months she used one box and three 31 boxes of Don Sung and got over 150 dozen extra eggs.

Without Don Sung, says Mrs. Dean, and it's a fact, you're losing money every day you get along without it. Why not test for yourself in this easy way: Give Don Sung to 15 hens then keep the rest for 30 days. If it doesn't pay for itself and pay you more money, tell us and your money will be promptly refunded.

Don Sung (the new egg) is a direct on the egg-laying organs, and is beneficial in every way. It makes hens healthy and happy. It keeps the whole flock laying regularly in any season, in any weather, when eggs are scarce and high. Can you afford to ignore the wonderful reports you are hearing from Don Sung users everywhere? Why not let us show you the sure results with your flock? Don Sung is no trouble to use. It costs nothing to try. All we ask is a chance to prove our claims at our risk. Get Don Sung from your local dealer, or send 30 cents for package by mail prepaid. (Large size 50c.) Burrill-Dugger Company, 216 Columbia Bldg., Indianapolis, Ind.

Improve Your Complexion By Using Cuticura

Bathe with Cuticura Soap and hot water to free the pores of impurities and follow with a gentle application of Cuticura Ointment to soothe and heal. They are ideal for the toilet, as is also Cuticura Talcum for powdering and perfuming.

CURTAIN CALLS

By WOOD SOANES.

AMERICA has been rediscovered. This time the Christopher Columbus is the English actor who is finding more and more that work is plentiful for him on Broadway and that this is a great country for the working actor.

The result of the discovery has been a veritable invasion and the American performers are beginning to get worried. There are at the present time some 300 actors on Broadway and hardly a dramatic show is not in quest of a few English actors.

There are several reasons for the popularity of the Englishman on Broadway, but the foremost are that the English actor works for less money than his American cousin and the English actor is more polished in speech and manner and is uniformly better trained.

Twenty Seasons Ago Today
"McCarthy's Mishap" was the offering at the Macdonough theater twenty seasons ago tonight. It was billed as "a very funny comedy" and perhaps it was. Who knows?

"Loyalties" the John Galsworthy play is being presented by Charles Dillingham with a complete English cast and Marc Klaw is importing and engaging a number of Englishmen to support Elsie Ferguson in "The Wheel of Life." All in all, it is very disconcerting for the American actor and he is worried.

Another section of the entertainment craft to get a few worry wrinkles is that of the playwrights. There is a whole flock of English plays on Broadway and there are not so many American plays in the "theater." It is quite annoying all around but the theater patron seems to enjoy both the actors and the plays from abroad.

"Watch—a pocket mechanism for keeping and indicating time." So set forth Noah Webster in his noble dictionary of that name but Noah certainly was not thinking of the chronometer carried in the lower left waistcoat pocket of one C. B. (Dovey) Whitley, assistant manager of the Pentagon theater and widely known in theatrical circles.

When old "Dovey" laid the watch in and he will invariably respond "Five o'clock." Should you doubt the accuracy of his statement he will exclaim from the depths of his pocket an antique answering to the general description of time-piece and prove the veracity of his statement by the relative position of the hands.

All of which is Whitley's idea of humor and peace of mind. This self-same watch was once the nobility of his clan. The sun and stars could have been regulated by it. "Then old 'Dovey' laid the watch in hand on the mechanical apparatus that gave it life and no human had less time than the watch.

Whitley paid numerous kopecks to make the watch work and men who promised faithfully to dip it in Ponce's fountain of youth. All to no avail. Whitley who had established a reputation for accuracy in time was completely humiliated by having his statements corrected. At last in desperation he let it run down. The stopping point came at five.

Eight years have passed. The watch still points to five and "Dovey" swears by it on all occasions but one—that is when he returns to the Whitley home a little later than the usual hour. He is wisely requested for the correct time are not then referred to the Whitley watch.

Bessie Trenchell, famous actress of a by-gone day, has been specially engaged for the character role in "Golden Days" which is to be produced next Sunday at the Fulton.

James G. Gleason is appearing in support of Lynn Fontaine in "Dulcy" which is now enjoying a long run in Philadelphia. Mrs. Gleason (Lucille Webster) is playing the casting director in "Merton of the Movies."

Referring once more to the matter of the English actor, it is generally supposed that Alfred Lunt, star of "The Country Cousin," "Clarence" and now "Banco" is an Englishman. In an interview in New York this week Lunt corrected the impression. He was born in America in 1892 and made his first stage but in the ill-fated "Romance and Arabella."

Eddie Gilbert, late of the Columbia theater here, is teamed with Bud Schaffer in the musical comedy company at the Casino theater in San Francisco.

Hugh Knox, former stage director of the Alcazar and known to local theater goers, has been transferred to Los Angeles, where he is directing at the Majestic and incidentally playing a part in "The Rear Car."

OAKLAND WOMAN HURLED THROUGH CAR WINDSHIELD

Mrs. Rene Hauk Injured as Machines Collide on Road Near Milpitas.

SAN JOSE, Oct. 25.—Mrs. Rene Hauk, East Oakland woman is in a serious condition today following an accident in which she was hurled through the windshield of the auto in which she was riding with her husband near Milpitas when the Hauk auto collided with one driven by John Keyes of Modesto. Both machines were wrecked.

The accident occurred, according to Deputy Sheriff Earl Hamilton, when a truck stopped on the highway to allow some workmen to ride and the machine following failed to stop. A stop signal Hauk was forced to turn out to avoid hitting the machine and was directly in the path of Keyes' machine coming from the opposite direction.

Mrs. Hauk was removed to the office of Dr. J. J. Smith of Milpitas where her injuries were dressed and she was removed to her home.

EMERYVILLE IS LEFT OFF MAP, MAKES PROTEST

Official complaint that a map exhibited by the Chamber of Commerce at the Second Annual Fair Manufacturers' Exposition is "from ten to fifteen years out of date," was made to the local organization today by the Emeryville Industries' Association through A. MacKenzie, the president.

A protest in the form of resolutions setting forth that "the map be no longer used until it is brought up to date," was made by the Emeryville Industries' Association and that "the public may be educated to look upon Emeryville as no better or no worse than the surrounding communities to the end that the injustices of the past, one of which is quite recent, may not be repeated."

The resolutions were passed at a meeting of the association in the Town Hall at Emeryville.

CHILD COMFORTS MOTHER WHILE CUT IS DRESSED

The bravest little patient that ever went to the Emergency hospital is Robert Strelitz, 8 years old, according to the stewards and nurses. The boy was covered with blood from head to foot when brought from the Eastbay market, where he was seen struck by a hand truck operated by Tom Griffin.

The youngster had received a deep gash in his forehead, which bled profusely over his face and clothes. He and his mother were taken to the hospital by F. J. Righe, 872 Jackson street, truck driver.

"Don't cry, mummy," the child pleaded with his mother, without shedding a tear of tears himself. "Please wash off my face and hands. It doesn't feel good." The child submitted to having the gash dressed without a murmur and then went with his mother to their home at 323 Oakland avenue.

Policeman's Suit For Salary Heard

Testimony in the mandamus proceeding brought on behalf of Charles E. Nightingale, former member of the police force, to collect \$890 salary alleged to be due, was heard today by Superior Judge Kinsel. The testimony was entirely in documentary form, being the report of proceedings of the Oakland Civil Service Board at the time Nightingale was suspended.

The case will be argued Friday afternoon. Nightingale was suspended following the shooting of Joseph Supple in August of last year. Supple died and Nightingale was subsequently cleared of a charge of murder when tried in the superior court.

Attorneys Crosby, Naus and Crosby appeared for Nightingale during today's hearings, the city being represented by City Attorney Leon Gray and his assistant, Estlin Robinson.

Peking Preparing Drive on Foochow

AMOY, China, Oct. 25.—(The Associated Press.)—Li Hao-chi, the military governor of Peking province who was driven from office by forces opposed to the Peking national government, is known definitely to have been kept aboard a Chinese warship in the harbor of Foochow, the capital of Fukien, by Admiral Sah Chen-ping, a former minister of the navy and a loyal adherent of the Peking administration.

It had been reported that Governor Li had fled to Formosa. It is reliably stated that Peking has ordered Li Hao-chi to Amoy to command, the South Fukien, national troops who are to co-operate with the army of General Chen Chung-ming and the naval squadron of Admiral Sah Chen-ping. A drive against the insurgents who occupy Foochow is intended.

Plans for Armistice Day to Be Furthered

HAYWARD, Oct. 25.—Armistice Day celebration plans will be gone over at a joint meeting of the Hayward Chamber of Commerce and the American Legion committees tomorrow noon.

COURTMARTIAL TO TRY GREEK MILITARY LEADERS

Brother of Constantine Accused Disobeying Orders and Aiding Disaster.

BY ASSOCIATED PRESS. LATEST WIRE TO TRIBUNE. ATHENS, Oct. 25.—According to the latest report the former government officers and military chiefs arrested by the revolutionists at the time of the dethronement of King Constantine will be tried by an extraordinary courtmartial.

An investigator has been sent to Corfu by the commission in charge of the inquiry to question Prince Andrew, brother of Constantine, on the charge that, while at the head of an army corps in Asia Minor he refused to execute an order, thus contributing to the disaster to the Greek army.

ATHENS, Oct. 25.—(By International News Service.)—Attacks by roving bands of Turkish irregulars today are adding fresh horrors to the already hurricane of agony which is sweeping the vast hordes of Greek and Armenian refugees who are crowded Thracian ports imploring the Greek and allied authorities to get them to safety.

Prompt evacuation by the fugitive Christians is being prevented by these attacks. Owing to famine conditions in Greece and the inability of the government to feed the refugees, the national bank of Greece has extended a loan of 10,000,000 drachmas to buy food.

CONSTANTINOPLE, Oct. 25.—(By the Associated Press.)—Several regrettable incidents have occurred in Eastern Thrace despite the presence of allied military detachments, says a statement by Shaker Bey, the first made public since his appointment as civil governor of Thrace for the Turkish nationalist government.

The Turkish populations in the province are "behaving excellently," adds the statement, and it is untrue that Turkish irregulars are operating there.

"If several Turkish villages have been forced to organize for defense against incursions," Shaker Bey declares, "it is certain they have maintained an admirable restraint in the face of provocation, wishing only to protect their lives and honor."

"The administration of the province will observe the same rules toward the Greeks and Armenians as in Asia Minor, namely that men of military age will be concentrated in prison camps, those who have been traitors will be punished and will be permitted to continue to live and work in absolute safety."

LAUSANNE, Switzerland, Oct. 25.—The municipality of Lausanne has already begun preparations to receive the delegates to the Turkish peace conference set to be held here November 15, although nothing officially has been communicated thus far to the Swiss government concerning the choice of the city for the conference.

Bankers Admitted to Booster Membership

HAYWARD, Oct. 25.—Bankers have been admitted to membership in the Hayward Merchants' Boosters Club. At the last meeting of the club an amendment to the constitution which provided for the admission of bankers to the club, was passed. The amendment, it is understood, was voted upon at the request of the bankers.

The board of directors also endorsed the project of the San Francisco Transit company for a bridge across Carquinez Straits. The board considered that this bridge, for which funds have been raised and plans made, would greatly facilitate automobile travel both to the north counties and to Sacramento.

The board also endorsed the highway over Brannan and Sherman islands and across the San Joaquin river just above Antioch, to connect with the highway coming in over the Tunnel road. It was pointed out that when the Tunnel road is connected more adequately with Berkeley by the extension from Domingue avenue to Claremont boulevard, with adjacent parking, this Sherman Island highway would be a great increase of travel into Berkeley.

McAdoo Is Ill; Speeches Cancelled

BY ASSOCIATED PRESS. LATEST WIRE TO TRIBUNE. DOUGLAS CITY, Kan., Oct. 25.—William G. McAdoo, former secretary of the treasury, was unable to deliver his scheduled addresses here today because of illness. McAdoo's address at Syracuse, N.Y., this afternoon also was cancelled, upon the advice of his physician, who ordered complete rest.

McAdoo became suddenly ill last night after leaving Wichita. He will not make another address in the interest of the Democratic campaign until he reaches Salt Lake City and then only with the consent of his physician, he said today.

D'Annunzio Is Ill Through Overwork

BY UNITED PRESS. LATEST WIRE TO TRIBUNE. BRESCIA, Italy, Oct. 25.—Gabriele d'Annunzio, poet and aviator, was stricken with a light fever due to overwork today.

WATERFRONT TO BE SUBJECT OF MASS MEETING

Citizens of Berkeley Defer Action On Jennings' Lease.

BERKELEY, Oct. 25.—Although a majority of organizations represented at last night's meeting of the Affiliated Berkeley Clubs opposed a referendum on the waterfront lease held by Rufus Jennings, action on the matter was deferred until after a special meeting which will be called in the near future to consider both sides of the question.

Joseph Klein, representing the Longfellow Club; C. W. Whitney, Cragmont Club; J. L. Tisdale, Ashby Club, and W. C. Moran of the South Berkeley Commercial Club reported that their organizations were opposed to the referendum as sponsored by Mayor Louis Bartlett. Pedro Saiz Buena Peralta Improvement Club, and H. H. Gastman, Codornices Club, announced that the bodies represented at the meeting reported that no action had been taken.

Gastman urged that a public meeting be held at which Jennings be invited to speak. He was made chairman of the committee to arrange for debate on the question. That Berkeley join with Oakland and other Eastbay cities in securing state aid in developing the waterfront was Gastman's argument in opposing an extension of a lease held by Jennings Moran and other opponents of the referendum declared on the other hand that, under the present arrangement with Jennings, the city had everything to gain and nothing to lose and that no definite project now faced the city other than the Jennings plan.

Victor Goodson, president of the Affiliated Clubs, who presided at last night's meeting, deferred the entire matter until plans could be made for a mass meeting.

Gen. Dieterichs and His Followers Escape

TOKYO, Oct. 25.—(By the Associated Press.)—Through the aid of the Japanese, General Dieterichs and his little band of anti-soviet supporters have been enabled to escape from Vladivostok, according to official reports from that city. When the evacuation of Vladivostok is completed Thursday by the Japanese, the city is taken over by the red troops, there will be none of the whites, or anti-soviets, present on which the soviet forces can wreak vengeance.

General Dieterichs and his weakened forces kept the Charlet flag flying over Vladivostok in the face of the soviet proclamations and threats of dire punishment.

A special detachment of the Shimo from Nikolsk reports that a number of whites have been killed there by the reds.

Wives Called Names, They Say in Suits

Filing suit for divorce, Claudia Cloughlin charged that her husband, Charles T. MacDuffy, 815 Thirty-fourth street, with cruelty, she says he has a violent temper and would fly into a rage, calling her improper names and sometimes beating her. The suit was filed in Oakland June 1, 1921, and separated September 23, this year.

Mrs. Ruth A. Miller sued Howard L. Miller, whom she married in Woodland on February 18, 1919, for divorce, alleging that he called her improper names and once knocked her down while they were residing in Chico. She states they separated October 4, 1920, and asks custody of two minor children and \$40 a month for their support.

You'll Get Rid of Blackheads Sure

There is one simple, sure way that never fails to get rid of blackheads, that is to dissolve them. To do this take two ounces of calomel and mix with one ounce of sprinckles a little or a hot, wet cloth—rub over the blackheads briskly—wash the face and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dirt and dirt and secretions that form in the pores of the skin. The calomel powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in the natural condition—no advertisement.

Disorderly House Charge Is Made

MARTINEZ, Oct. 25.—A charge of keeping a disorderly house has been made against John Sindich of Crockett by District Attorney A. E. Tanning. Sindich was arrested Saturday night by Constable J. J. Fox of Crockett in a raid on a home in which he arrested two women and four men. Time of Sindich's preliminary examination has not been fixed.

Fire Sweeps Town

TRINIDAD, Colo., Oct. 25.—Nine houses in the town of Blanton, in the east end of Las Animas county, were destroyed in a fire that raged all last night. Telephone communication with that town was cut off and only a few details came from Trinidad, 35 miles west.

\$500,000 LOSS IN SCHOOL FIRE

Fire which broke out about 12:20 this morning destroyed the Washington High school here. O. B. Gabriel, fireman, was killed by falling walls. The cause of the fire is undetermined.

A high wind, played upon the burning structure, sending burning brands far to the northward, where there were numerous wooden structures and to the east.

Moose to Conduct Roosevelt Memorial

At an unusual ceremonial, Oakland Lodge 324, Loyal Order of Moose, will pay honor on Friday evening to the memory of Theodore Roosevelt and to the present day accomplishments of James J. Davis, Secretary of Labor, general director of the order. The lodge members and their ladies will meet at Temple Sinai, Twenty-eighth and Webster streets at 7:45 o'clock and will march to the building in a body. The services will start at 8 o'clock.

At these services Rabbi Rudolph Coffee will be the directing leader. There will be choir numbers and a solo, "Godsheart the Baptist."

McAdoo Is Ill; Speeches Cancelled

BY ASSOCIATED PRESS. LATEST WIRE TO TRIBUNE. DOUGLAS CITY, Kan., Oct. 25.—William G. McAdoo, former secretary of the treasury, was unable to deliver his scheduled addresses here today because of illness. McAdoo's address at Syracuse, N.Y., this afternoon also was cancelled, upon the advice of his physician, who ordered complete rest.

McAdoo became suddenly ill last night after leaving Wichita. He will not make another address in the interest of the Democratic campaign until he reaches Salt Lake City and then only with the consent of his physician, he said today.

D'Annunzio Is Ill Through Overwork

BY UNITED PRESS. LATEST WIRE TO TRIBUNE. BRESCIA, Italy, Oct. 25.—Gabriele d'Annunzio, poet and aviator, was stricken with a light fever due to overwork today.

His physician, Signor Duse, issued a bulletin requesting politicians and others to suspend their visits to d'Annunzio so that he may have complete rest.

D'Annunzio has been reported in very ill health ever since he fell from a window in his villa several months ago.

ALLEGED RED DEFENDANTS CHARGE BIAS

Deputies Accused By Five
Men Charged With Syn-
dicalism; Court Overrules
Motions For New Elisor

Charging that the methods used by the deputies in the office of Sheriff Frank Barnett have proven that they are biased and prejudiced against the defendants, the five men on trial for violation of the criminal syndicalism law today demanded of Superior Judge Samuel to appoint a special elisor to take charge of the jury during the trial of the case. The motion was denied by Judge Samuel, who stated that there was nothing to support the contention of the defendants.

The defendants followed this with a motion that the jury be confined in the custody of the sheriff during the trial. This motion was also denied. A third motion for a daily transcript of the testimony in the case was also denied, the court stating that such a proceeding would prove an unnecessary expense on the county.

Another legal skirmish which was lost by the defendants took place late yesterday when Judge Samuel overruled an objection of the defendants to the taking of any testimony in the trial. The objection was made in the form of an affidavit which set forth that the defendants claim the indictment to be contrary to the Fourteenth Amendment to the Constitution and that the court erred in overruling a demurrer to the charge, heretofore made by the defendants.

Edward Condon, former newspaper man and at present a student in the University of California and instructor in a San Francisco night school, was the first witness for the prosecution in the criminal syndicalism trial, being called to the stand with the opening of today's court session.

Taking of testimony began today. The jury consists of nine women and three men, as follows:

W. L. Brown, 155 Twenty-eighth street, Oakland.

Mrs. Anne E. Bush, 1825 Nason street, Alameda.

Edna E. Bush, 1119 Center fourth avenue, Oakland.

Mrs. Frances Klemm, 1425 East Fourteenth street, Oakland.

Mrs. Robert McKillop, 574 Twenty-fifth street, Oakland.

Mrs. Mary E. Neal, 1413 Henry street, Oakland.

Mrs. Irma Wood, 3825 Division street, Oakland.

E. S. Hunt, 1145 Wellington avenue, Oakland.

Mrs. Lillian Anthony, 1119 102nd avenue, Oakland.

Mrs. Jean Naylor, 2619 Valdez street, Oakland.

W. P. Hill, 630 Hillsborough avenue, Oakland.

Mrs. Mary G. Pyke, 1208 Union street, Alameda.

The alternative jurors are:

M. Nelson, 1407 St. Charles avenue, Alameda, and Mrs. Verna Blackledge, 170 Vernon terrace, Oakland.

Golden Curls and Black Feathers
JOYCE ELOISE GRINSLEY, holding pet black leghorn, which she has entered for Poultry Show to be held at the Auditorium, Thanksgiving week.

Birds and Chickens to Rule Show Thanksgiving Week

More than seven thousand birds and chickens will be shown at the Poultry Show to be held in the Oakland Auditorium during Thanksgiving Week, November 29 to December 3, under the auspices of the California State Poultry Association and the California Pigeon Club. It is announced. The show, which, it is predicted, will be the largest ever held in the west, will include the zone meet of the National White Wyandotte Club, the state meet of the American Buff

ENOUGH COURSES AT U. OF C. FOR 120-YEAR TERM

BERKELEY, Oct. 25.—The University of California affords enough "courses" to keep one busy for 120 years, announced Editor Robert B. Coons of the "Daily Californian."

Coons attacks critics of the university who declare that too much attention is paid to the "practical" things of life on the campus and not enough to the cultural.

"It has been estimated," says Coons, "that it would take an individual 120 years to complete all the courses which the university offers."

BOY SCOUTS TO STOP VANDALISM ON HALLOWE'EN

The annual crop of Halloween pranks is expected to be reduced this year through the activities of the Oakland Boy Scouts who have been called upon to discourage the practice of "swiping" gates and other articles.

R. Porter Giles, secretary of the Real Estate Board, made the appeal to Scout Executive Homer J. Bemiss, saying that real estate men annually suffered a considerable loss by having their signs on lots and houses either stolen and destroyed or transferred to other places. Giles asked Bemiss to urge the Scouts to do a little educational work between now and next Monday night to the end that boys both in and out of the organization shall see the error of their ways.

Bemiss said the Scouts would cooperate and that, if possible, Oakland would hang up a new record for a pranksless Halloween.

Egyptian Explorer To Talk at College

BERKELEY, Oct. 25.—Thomas Whittemore, American director on the staff in Egypt of the Egypt Exploration Society, is to deliver an illustrated lecture on "Educational Work Among Refugees in the Near East," at eight o'clock tonight in Room 11, Wheeler Hall. Professor Whittemore has recently returned to this country from Turkey and Bulgaria, and at present is visiting a few of the principal cities in the United States, speaking on recent archaeological discoveries. Unusual experiences both in Russia and in the Near East will form the basis of his lecture.

Lease Is Extending Pending Referendum

BERKELEY, Oct. 25.—Pending a decision at the polls by voters of Berkeley on a referendum petition filed by Mayor Louis Bartlett, an extension of 30 days has been granted Rufus Jennings in which to begin work on the waterfront. Mayor Bartlett voted for the extension yesterday together with the remainder of the council, declaring that he did not desire to invalidate Jennings' lease until the people of Berkeley had a chance to express their opinion on the matter. The Jennings issue together with other special measures will probably be voted upon in January.

U. C. EVENTS

WATER MEN TO CONVENE

The third annual convention of the California Section of the American Waterworks Association will open in Oakland tomorrow, and will continue through Saturday. Sessions will be held on the third floor of the East Bay Water Company building at 512 Sixteenth street. The water company is acting as hosts to the delegates.

Various well known pipe, steel, concrete and meter companies of the United States are installing exhibits in the convention room, these exhibits demonstrating the latest improvements in the water business.

The convention will open at 2 o'clock tomorrow afternoon with George H. Wilhelm, vice-president and general manager of the East Bay Water company, delivering the address of welcome. The afternoon will be taken up with the reading of papers by Edward F. O'Day, director of publicity for the Spring Valley Water company, on "Publicity," and E. R. Vanier, assistant professor of mechanical engineering at the University of California, on "Pumping Machinery."

P. W. Stamps of Berkeley, president of the Purchasing Agents Association of Northern California, will speak on "Purchasing" and C. A. Kotof, professor of zoology at the university, will speak, also.

WILL TELL ACTIVITIES.

An informal dinner will be given in Hotel Oakland in the evening, followed by a business meeting. Edwin O. Edgerton, president of the East Bay Water company, will discuss the activities and work of the company.

The principal subjects of discussion for the session Friday morning is the "Standards of Water Bacteria," by Charles Gilman Hyde, professor of sanitary engineering at the University of California, and "Valuations and Rates" by Chester Loveland, consulting engineer.

The chief talk of the afternoon session will be made by J. D. Galoway, consulting engineer of Berkeley on "Design of a City Water System." W. F. Langsler, associate professor of sanitary engineering at the university, will speak on "The East Bay Filter Plant." "Underground Water" is the subject of a talk to be given by Charles H. Lee, consulting engineer.

DELEGATES TO GO ON TRIP.

Delegates will be entertained at a dinner and smoker Friday evening. Saturday morning they will be taken on an automobile trip over the properties of the East Bay Water company. Five minute talks will be given by Harry Reinhardt, assistant chief engineer for the East Bay Water company; Samuel Morris, chief engineer of the Pasadena water department; L. M. Anderson of the Los Angeles water works department; V. E. Perry and Geo. W. Pracy of the Spring Valley Water company; P. Klaus of the East Bay Water company, and P. D. Rice, of Spring Valley Water company.

Conductor's Foot Cut Off by Train

BERKELEY, Oct. 25.—Becoming dizzy as he was attempting to board a train after throwing a switch, William Jones, 39, 2011 University avenue, conductor for the Southern Pacific company, fell under the wheels of a northbound electric train at Henry and Berryman streets this morning. Jones' right foot was amputated while the toes were cut from his left foot.

Jones was taken to the Temple hospital and later removed to the Southern Pacific hospital in San Francisco.

MAN BOUND OVER.

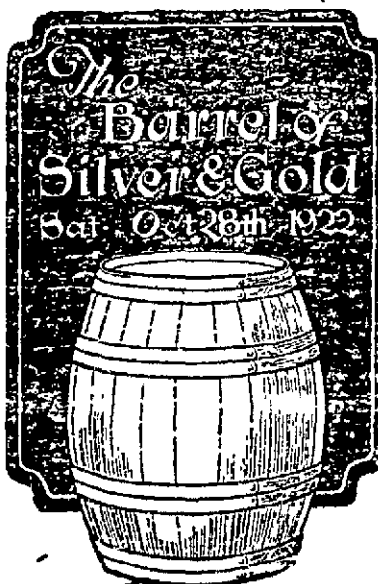

Bruno Tosi was today bound over to the superior court by Police Judge Mortimer Smith on a statutory offense which is alleged to have been committed upon a seventeen-year-old girl. His bail was set at \$5000.

SECRETARIES WILL CONFER

BERKELEY, Oct. 25.—A bay district conference of commercial secretaries will be held on Friday in Berkeley. The meeting will be called at the Chamber of Commerce headquarters at 10.30 a. m. and will devote the morning to a discussion of the industrial, tourist and business survey of the bay district.

The project for a vehicular suspension bridge over Carquinez Straits will be explained at the conference by Fred Goodsell. A luncheon at the Hotel Whitecroft will follow. Dr. B. M. Rastell of the San Francisco Chamber of Commerce and Prof. Cottrell of Stanford university are expected as guests and speakers at the luncheon.

Candidate Is to Visit Richmond

RICHMOND, Oct. 25.—Friend V. Richardson, Republican candidate for governor, will speak here on Friday evening, November 3, it has been tentatively arranged by the committee in charge of Richardson's itinerary. A rally for the Republican candidate will be staged by the Republican county central committee.

Colleges Move to Block Fight at Football Game

With the annual football clash between the University of California and the University of Southern California only three days off, steps were taken by the heads of both institutions today to prevent any further outbreak of hostilities between the students of the schools.

Today's development in the situation, and the preventive measures taken, follow:

1. Issuance of an edict by W. B. Bovard, comptroller of the southern college, that any U. S. C. student caught on the campus of the southern branch of the State university "under suspicious circumstances," would be expelled.
2. Announcement from the same source that a number of the names of students who last Friday invaded the Southern branch campus, had been obtained and that steps would be taken to punish them.
3. Posting of a warning to Berkeley students going south for Saturday's game by Earl Steel, president of the Associated Students, University of California.
4. Continuance of the search in Los Angeles for the men who "branded" William Sykes, a Southern branch university student, with the initials "U. S. C."

It was also announced that iodine, not nitric acid, as was first announced, was used to "burn" the initials on Sykes' forehead and neck.

Cruelty Charged In Divorce Suit

Asking for custody of their two children, \$75 a month for their maintenance and the household furniture at 2071 Eighty-seventh avenue, Mrs. Mary E. Dorrell has instituted suit for divorce against James E. Dorrell charging cruelty. They married in Seattle, December 31, 1919, and separated October 5, last. She declares that Dorrell used abusive language to her, called her a thief, threatened her life and once threatened to "strangle" the block off of her daughter by a former marriage. The children of their marriage are Roger, aged 4, and Margie, 1-year-old.

Mrs. Marion S. Conway in a suit for divorce against John D. Conway, sheet metal worker, charges failure to provide and aske custody of John, aged 8, and an allowance for his support. They married on October 19, 1921 and separated June 25, 1922.

MINE RELIEF NOW \$2067

A total amount of \$2067.25 has been contributed to date for the relief of the bereaved families of the Argonaut mine disaster victims, it is announced by the committee in charge of the collections, of which Harold Katchinsky is chairman.

The most recent contribution, a check for \$5 from "A Friend," was received today.

Mrs. Mary Warrington, chairman of the Red Cross at Jackson, sends word that part of the money is being laid out to buy warm winter clothing for the miners' widows and their children. The remainder is being used to buy food and other supplies.

All contributions are acknowledged in The TRIBUNE as they are received, and are forwarded to the Red Cross at Jackson through this newspaper.

ILLINOIS BODY OFFICERS.

R. W. West, past president of the Illinois Society of California, was elected honorary president and Mrs. Viola Murphy, honorary vice president, at the annual meeting of the organization in St. George's hall here. Herman G. Walker, representing the Oakland campaign committee spoke on the water and power act.

SANTA CLARA AND ST. MARY'S PLAY OUTSIDE TEAMS SATURDAY

STANFORD LEAVES TONIGHT FOR GAME WITH OREGON AGGIES; BEARS GOING TO MEET U. S. C.

Santa Clara Team Changed For Arizona

Halloran Likely to Call the Signals in Absence of Noonan

UNIVERSITY OF SANTA CLARA, Oct. 25.—When Santa Clara's varsity football team lines up against the University of Arizona "Wildcats" at Ewing Field next Saturday afternoon, it should be stronger than the eleven that faced Stanford a fortnight ago. In all probability "Jerry" Noonan and "Big" Vowell will be out of the Arizona game. Head Coach Buckingham, following yesterday's practice, held a consultation with Trainer Gus Peterson regarding the injuries to the two mainstays of the Mission eleven.

Noonan was clipped hard a couple of times and a tendon in his leg is in bad shape, while he is also suffering from an "injured knee." "Big" Vowell, tackle and punter, was also injured.

Halloran, who called signals after Noonan went out in the Stanford game, will in all probability appear at that position in the Arizona game, though little "Flash" Rianda is working out at that position in the second string, and may be given a chance to run the first team next Saturday.

Leo Nook at Guard. Nook, of last season's sensational team, has been shifted into the first varsity line at guard. This is quite a compliment to Nook's ability, for he is by no means the heaviest of the guard candidates. George Noll has gone back to his old position at tackle.

The Arizona football team, accompanied by Head Coach J. F. McClellan, assistant coach J. H. Pierce, Trainer Levy and Graduate Manager A. L. Stonaker, will leave Tucson for San Francisco on Wednesday evening, arriving here on Friday morning. Stonaker, in a wire received by Rev. Edmund J. Ryan, athletic moderator at Santa Clara, expressed a desire to "give" an opportunity for his team to work out Friday afternoon at Ewing Field. Arrangements were immediately made and the "Wildcats" will go through their limbering-up exercises on Friday afternoon.

"WILDCATS" GOING STRONG. The "Wildcats" opened their season by defeating the freshman team 35 to 0. Their second game was on October 7, when they trounced the Phoenix Indians, 28 to 0. On October 14 they held the heavy University of Southern California eleven to a 15 to 0 victory at Los Angeles.

Their only defeat in 1921 was suffered at the end of the season when they were defeated by Centre College at San Diego.

According to word from Tucson the "Wildcats" are said to have a tight team, but one as fast as chain lightning when once they get underway.

The sale of tickets for Saturday's game opened up yesterday. Tickets are on sale at A. G. Spaulding's and the Ellyer Arms Co.

H. Wakefield Sets New Billiard Record

MILWAUKEE, Wis., Oct. 25.—Harry Wakefield, of Milwaukee, established a new interstate league billiard record here in the first game of the season yesterday when he ran out on Byron Gillette of Buffalo, in thirty-two innings. The former mark was 35 innings, held by Charley Ellis of Pittsburgh. Wakefield won two contests from Gillette, the afternoon match by a score of 50 to 22 and the night contest by a count of 50 to 35. Wakefield had a high run of 6 in each inning in two more than the world's mark held by Tiff Denton of Kansas City.

Fremont Loses Football Game To Technical

First O. A. L. Game Is Won By Broadway School By 14 to 6 Score.

The Tech High Bulldogs out-fought the Fremont Tigers yesterday at Bushrod park and won the first game of the O. A. L. by a score of 14 to 6. Both teams fumbled frequently, with disastrous consequences. Johnny Edwards, Tech half, was responsible for both of Tech's touchdowns, going over the line after receiving forward passes from Chastain, Tech quarterback. Bill Coves easily out-punted Byrnes of Fremont and played his usual fighting game. Aldridge, Tiger half, made the lone Green and Gold try in the second quarter, recovering a fumble and running it thirty yards. The Fremont line moved to be the surprise of the game, holding against Tech's repeated efforts to go over the line.

Coach Street's boys opened the battle with a fair kickoff. Brown received and was dropped. Tech failed to gain on punts and punted into Fremont territory. The Tigers tore through the Purple and Gold line for yards. Edwards intercepted a pass and ran the ball back to the 40-yard line. Aldridge, Tech's star, again failed. Coves was forced to punt. Fremont returning the kick for a loss of ten yards. Chastain heaved a pass to Edwards, who ran over the line for the first Tech touchdown. Coves kicked the goal. Tech kicked off, Coves receiving the ball and running it back thirty yards. Coves punted, the Fremont runner being nailed on the 40-yard line. Once again the Tigers plunged through for yards. The quarter ended with Tech leading 7-0.

ALDRIDGE GOES OVER

In the second frame, Fremont's punt to the thirty-yard line was fumbled, recovered and returned. The pigskin changed hands when Fremont muffed, and Edwards on a run around left end, dropped the ball. Aldridge, Tech's star, recovered, and went over the line. The try-for-point was not completed. Coves kicked off and the receiver was downed on the Green and Gold five-yard line. Fremont punted. Coves carried the ball for 24 yards. Aldridge, Tech's star, to Edwards, netted the second Tech try. Coves again kicked the goal. The second quarter saw the end of the scoring by either team.

The play in the third frame consisted mostly of exchanges of punts. Tech getting the better of the argument.

In the last quarter, Coves and Edwards gained ground repeatedly. A pass from Coves to Chastain brought the ball to the Fremont 24-yard line, where Coves attempted at a field goal was blocked. The game ended with the play on Fremont's 15-yard line.

Thin? Run-down? Sure Way to Get Right Weight

Thin? Run-down? Sure Way to Get Right Weight. Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Strengthens Blood. This Means Strength! Do you know why insurance companies pay more for a great many men because they are underweight? Simply because to be underweight often proves low fighting-power in the body. It often means you are minus nerve, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1876, has meant to thousands of underweight men and women. It plus in their strength. Follow checks fill out. You stop being a can't-doer. You become a doer. You feel like a peppy, young fellow, fatter, happier, and you feel it too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peppy, young fellow doesn't make for a weak, nervous, or nervous system. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S. S. S. makes you feel like yourself again.

That Hard-Boiled Football Coach

N. M. Aggies To Oppose St. Mary's Eleven

Champions of Southwest to Clash With Madigan's Men Saturday.

By DOUG MONTELL. Coach "Dough" Bergman and his undefeated New Mexico Aggies are due to share the local football spotlight Saturday in their clash with St. Mary's College at Recreation park across the bay. Arriving practically at the same time and from the same section will come the University of Arizona to meet Santa Clara in the same city and at the same time, the place being Ewing field. It will be the first time in the history of football that two teams from out of the state have appeared here on the same day clamoring for their share of the two New Mexico Aggies bring with them the most enviable record, for while the Arizona "Wildcats" lost only to U. S. C., the Aggies, champions of New Mexico, have not lost a game to date.

particular clash will be keenest on account of the intense rivalry between Bergman and Madigan, both of whom are former teammates. Both had the same advantage in receiving their football knowledge from Rocky and the battle Saturday will extend not only to the eleven men on the field, but in the battle of wits between the two friendly rivals in their first meeting since taking charge of their respective teams.

WIN THREE STRAIGHT. At the time the new Mexico Aggies made a jump into Texas to open the season with a 6 to 0 victory over Simmons College. It was more or less in the nature of a tryout for the Aggies, re-elected from last year, looks to be one of the best fullbacks of the southwest, according to reports received, while the veteran Frank Brockshire, right guard, another valuable man in the Aggies' offensive in their first three games, holding forth in all of them. Johnny Duff appears to have the other halfback position for good as he clinched, playing his first year in the Aggie line-up. Last year Fairly and Brookshire led the bulk of the work, Brookshire's performance carrying for eight straight weeks, while Brockshire's work and marking him as a line-plunger.

STRONG AGGREGATION. While the Aggie line-up is not definitely announced, it is expected to be the personnel of the New Mexico team that starts the game against St. Mary's: Slusser and Tudor, ends; Vance and Gort, tackles; Coleman and Stone, guards; Crisp, center; Willey, quarterback; Brookshire and Duffy, halfbacks; Captain Fairly, fullback.

The St. Mary's squad, after playing last week's game against California, will be ready to open up with a real offensive Saturday, according to Slip Madigan, the team's coach. The Aggies' line-up was weakened offensively by the loss of Prell. Grant, Bolger and Strader constitute a good reserve force, and it is likely that the Aggies' backfield will be composed of Captain Black at quarterback, Bolger and Grant halfbacks and Strader fullback Saturday.

Schoolboy Is the Checker Champion

BOSTON, Oct. 25.—Art Long, 18-year-old school boy of Toledo, O., won the checker championship of the United States by defeating Alfred Jordan, world famous checker player in the final playoff of the tournament here.

EASTERN SPORT GOSSIP

By HENRY L. FARRELL (United Press Sports Editor)

NEW YORK, Oct. 25 (United Press).—Hope that Billy Mike, the St. Paul heavyweight, had "come back" to the point where he had become a logical opponent for Jack Dempsey in a little contest, was exploded by Mike's showing against Tommy Gibbons, his fellow townsmen. Mike took such a beating and was so clearly outpointed that the decision which gave him a victory on a questionable point meant not a thing to his credit.

When he met Dempsey several years ago, Mike was not a well man. He was just recovering from a long illness and he was in no condition to take the punishing that Dempsey gave him. He took things easy for a long time before getting back into the ring and when he did resume active operations again he came so fast and looked so good that he was picked as a choice over Brennan and the other Dempsey victims for a chance at the title.

Ever since Dempsey knocked out Carpentier, he has been agreed that Harry Wills, the huge colored fighter, was the only one in the class who deserved a chance for the title. The more the other contenders mix around among themselves the stronger that conviction becomes. Tommy Gibbons is a first class light heavyweight, perhaps the best in the American class, but he does not size up as an opponent for Dempsey. He is too small and the handicap of overcoming twenty pounds of the hardest hitting fighter in the ring is too much to ask of him.

Little more than a month ago, talk of the Dempsey-Wills battle was the chief topic of conversation, but it has lapsed now to the point where it is seldom mentioned.

This cannot be taken as a loss of interest in the prospective meeting of the two leaders of the heavyweight division. It is the result of information from reliable sources that the fight cannot be held until next summer and that increased agitation

Stanford Will Put Faith in Cuddy's Toe

Coach Kerr and Squad Off Tonight For Game With Oregon Aggies.

STANFORD UNIVERSITY, Oct. 25.—Coach Andy Kerr and twenty-seven of his first squad men, together with Trainer Wallace Denny and football manager J. H. Smith, leave tonight for Corvallis to keep an appointment with Coach Ruthenford and his Aggie eleven. The Cards will arrive on the Aggie campus Friday afternoon.

The Stanford mentor, while by no means jubilant over the outcome of the St. Mary's game, has said that his men did as much as could be expected of them. He points to Cuddy's boot as one of his chief threats against all comers in the future and declares that the little Card full back's ability was just what he was counting on last week. Cuddy came through and consequently Kerr is satisfied.

COMPARISON OBVIOUS

To compare the scores of California and Stanford this early in the season has been giving a bad impression of the Cards, a good many Stanford observers seem to think. A member of the board of athletic control, only yesterday pointed out the fact that Stanford has started at the bottom while California has started at the top. California, starts from where she stood on the coast last year, but Stanford is not even starting in second place as she finished. She is starting all over as if she had finished at the bottom of the conference in the 1921 season. It is to be expected then that Stanford will gradually improve as the season rolls on, while California's improvement will be a little slower. The Golden Bear is thought to be practically at the top of the leader now. It is Stanford's task to catch up a few rungs between now and the end of the season when the coast football classic puts a clincher on the 1922 football year.

LINE-UP UNCERTAIN

Kerr had not definitely decided last night which of his twenty-seven men out of his first squad forty he would take up to O. A. L. with him. It is practically certain, however, that he will take the twenty-three men who played against St. Mary's last week. They are: Bob Baker, center; Ray Groot, Cravens, Shipkey, Lawton, Hantraut, Merz, Wilcox, Dougherty, Campbell, Woodward, Ludeke, Ray, Hall, Noll, Francis, Taylor, Campbell, Baker, Douglas, Cleveland and Murray. The other four will probably be Thomas, end, and Kraft, Wheat and Dennis half backs.

George James Is Pneumonia Victim

George S. James, well known as an athlete and organizer of athletic events, for many years associated with the P. A. A. as secretary, passed away yesterday at the St. Francis Hospital in San Francisco, a victim of pneumonia. James was a native of Texas but had resided in San Francisco for many years. He was regarded as one of the best athletes of his time and had held this position at a number of athletic events. In addition he organized the Girls' Discus hike and was sponsor for the Golden Gate swims, having been captain of the Olympic Club team for many years.

Trojan Players Predict S. C. Win

LOS ANGELES, Oct. 25.—The University of Southern California football team will defeat the University of California eleven by one touchdown when they meet at Pasadena Saturday, according to the consensus of opinion of the players on the Southern California eleven. Coach Elmer C. (Gloomy Gus) Henderson said, "We will be lucky if we score. We will probably lose 25 to 0. We cannot win."

Bambino Is Sought To Play in South

LOS ANGELES, Oct. 25.—Negotiations have been opened with "Babe" Ruth, star home run hitter of the New York club of the American Baseball League, to have him play with one of the teams of the Greater Southern California Baseball Association, according to Joe Pirrone, secretary of the organization. More than a score of major and Pacific Coast League baseball players are now playing on the association nine here.

SUNDAY OCT. 29

OAKLAND CLUB IS IN NEW QUARTERS

The Oakland club took possession of its handsome new clubhouse at Montecito and Grand avenues today, celebrating the occasion with the annual breakfast. The twenty-two years of club history was reviewed by Mrs. George Durnell, the first president. Past presidents, including Mrs. George W. Harrison, Mrs. Edgar L. Ormsby, Miss Theresa Russell and Mrs. Charles L. Taber, were particularly honored.

Members contributed the musical program. Original compositions were rendered by Mrs. Valdo Rucker, piano; whistling solos by Mrs. E. T. Shaw; vocal numbers by Mrs. Howard Bacon; readings by Mrs. C. P. Hale. Covers were laid for members only.

Mrs. Frederick E. Adams, president, presided as chairman of program. She was assisted in receiving by members of the board of directors and building committee.

Owners of Bar Are Acquitted on Charge

RICHMOND, Oct. 25.—A. C. Serpa and Harry Record, proprietors of the Fort Bragg Bar at Sixteenth street and Macdonald avenue, charged with violation of the city's prohibition act, were acquitted by a jury in Police Judge C. A. O'Dell's court late last night.

A good job waiting for you

Just as soon as YOU are ready to fill it. Big shortage of trained office workers. Every Head office for 3 months has had from 3 to 5 times as many calls for help as could be supplied. Hundreds of good jobs have gone UNFILLED because Head's did not have enough trained men and women. What will you START for your job? A business training at Head's will put you on the SUCCESS HIGHWAY. Day or night. Ask for catalog. Now is a good time to begin.

Fifteen Minutes of Radio Daily

By Edward M. Davis

Remember that:

The sensitivity of the average vacuum tube will be considerably improved by the use of a grid condenser and grid leak. It has been determined experimentally that it is necessary to impress approximately three times as much high frequency voltage upon the grid to obtain a given strength of signal as is the case when a proper grid condenser and leak are employed.

The plate voltage should not have a value high enough to cause a "blue glow" in the tube. In this condition the tube operates poorly due to the fact that the plate current is so large as to be unaffected by grid voltage variations. An excess of plate voltage may also cause injury to the elements of the tube.

Radio-frequency amplification used in conjunction with a coil antenna is of considerable value in reducing interference as it combines the directional properties of this type of antenna with the selectivity in tuning afforded through the use of this form of amplification. This is due to the fact that until the receiver is tuned to the exact frequency of the transmitting station, the desired signals are inaudible.

When the resistance in the filament circuit is reduced and the

current through the filament increases, the flow of electrons is increased until the "critical point" is reached. Beyond this point the filament may become more brilliant but there is not further increase in the flow of electrons and the life of the tube is shortened without improving the efficiency of operation. It is very essential therefore to operate the filament at as low a temperature as will furnish the necessary electron emission consistent with proper signal reception.

The velocity attained by sound waves in air is approximately 330 meters per second or 1033 feet per second. Light waves and radio waves travel through space at a velocity of 300,000,000 meters per second or 186,000 miles per second. The frequency of the majority of sounds emitted by the human voice in the form of speech is between 200 cycles and 2300 cycles per second.

Amplifying transformers used for radio-frequency amplification are designed for operation over a limited range of wave lengths so that when amplification on a given wave length is desired, a transformer must be selected which includes this particular wave length in the band of wave lengths for which it is designed. Transformers used for currents of radio-frequencies usually have an air core although cores of special iron with very thin laminations are sometimes employed.

In regenerative circuits utilizing the "tickler" coil as a "feed back" circuit, it is important that the proper polarity exist between the "tickler" coil and the secondary coil as otherwise the energy fed back to the grid circuit from the plate circuit would weaken instead of strengthen the original oscillations if the polarity between these coils is not correct, the oscillations will be continuously weakened as the coupling between the coils is made closer.

WHIST PARTY HELD.

SAN LEANDRO, Oct. 25.—A whist tournament was held by the Alta Mira Club of San Leandro at the Masonic hall yesterday afternoon. The following committee was in charge: The Messames, A. B. Cary, Lucy Walrath, B. Brown, C. Cruikshank, M. Silva, D. Bowne, W. L. Duarte and L. Erlacher.

AD CLUBS GROW FAST, LOCAL MEN TOLD BY CHIEF

President of Pacific Coast Association Is Guest at Luncheon.

If the present rate of membership increase continues, the Advertising Clubs of the Pacific Coast will have a total membership of 4500 at the end of the present year.

This was the statement yesterday of Thomas M. R. Keane of Spokane, president of the Pacific Coast Advertising Clubs Association, who was the guest of the local club at its luncheon at the Hotel Oakland. Keane gave some astonishing figures, regarding the growth of advertising clubs on the west coast, and extended to the local organization the invitation of Spokane to attend the annual convention which will be held there next June.

"The organized advertising movement is growing rapidly on the coast. Increase in memberships of the advertising clubs in the principal cities of this territory shows a total increase of 25 per cent in the last year," Keane said. One of the most important features of the movement is the growth of the Better Business Bureaus.

STOLEN CROOKED PROFITS.

The Better Business Bureau, the speaker said, "started merely to operate in the interest of truthful advertising, and to suppress fakery and dishonest stock and corporation promoters who used fraudulent advertising to attract their victims. This, of course, not only victimized the public but hurt the advertising business, because it destroyed confidence in all advertising. The Better Business Bureau conducted by the advertising clubs have accomplished remarkable results in spoiling the profits of crooked promoters and business opportunity peddlers. These bureaus have done more than this, however. They have developed into institutions which gather expert knowledge and statistics which are placed at the disposal of advertising club members."

"They also promoted better business through gathering and dispensing knowledge on selling and distribution methods and present their findings and recommendations to advertising men, many of whom would have difficulty in obtaining this knowledge through their own experience."

DISTRIBUTION COST CUT.

Keane declared that it had been his observation that improved selling methods had brought about a reduction in distribution costs, so far as the retail merchant was concerned.

"The cost of distribution has increased greatly since the war," he said. "But during the past year there has been a marked reduction in the expense incident to marketing or distributing merchandise." Colonel A. S. Rowan was a guest of the club, which celebrated Roosevelt Day, and told how he carried the message to Garcia. The Golden Bear Quartet of the University of California sang several selections.

What's Happening in the Motor World

By Jim Roulleau

Racing fans from all coast points are looking forward with the keenest of interest to the forthcoming race at Cotati between Sunday afternoon the winners of the national championship races during 1923 for premier honors.

Although Jimmy Murphy is the 1923 champion by reason of the points that he has amassed so far this season, there is a great deal of interest being shown by the followers of the sport in the outcome of next Sunday's speed card and the winner will be "uncrowned champion."

The entry list is the fastest ever lined up for the starter's flag and includes Jimmy Murphy, Tommy Milton, Bennett Hill, Frank Elliott and Harry Hartz. Each of these drivers is of championship caliber, has a racing motor that is equal in speed and possibilities to the cars of the other entries and several of the drivers have private scores to settle that should prove interesting to the fans that will occupy the grandstand seats.

For instance, there is Tommy Milton, who would like very much, so the gossip runs, to take a little of the ginger out of Bennett Hill, the boy who outgeneraled the present champion at the Fresno track, winning by a scant few feet.

And Jimmy Murphy is anxious to again take the checkered flag after several races he had luck with his car and accidents, etc. Murphy will be out Sunday with a heavy foot on the throttle all of the way and the indications are that he will show the fans the greatest speed that he has thus far unimpaired.

Harry Hartz, the boy phenom, who has been pressing the winners at every meet held in this part of the world, but who has not been able to repeat his victory at the San Carlos track, will be on hand to try and grab off some of the money and if possible first honors. Bennett Hill, not so much discussed in racing circles because he has only recently been rated as a dangerous contender, will be on hand for the speed event in the famous Miller motor car which turned up such fast time at Fresno and by the closest followers of the sport he is rated as the most likely looking winner of the lot.

Frank Elliott, last time winner at Cotati, is again the dark horse. His showing on other tracks this year has been none too good, but over the Cotati bowl he drives fast and hard and the fans are expecting to see him drive a good account of himself in this speed meet.

News of the Churches

CHURCH WILL GIVE HARVEST HOME SOCIAL

The first of the monthly socials which are to be held at the First Methodist Episcopal church on the last Thursday of each month in the future will be presented in the Sunday school auditorium with the Wesleyan League acting as host tomorrow evening. It will be in the nature of a "Harvest Home," with decorations and refreshments suited to the season.

The program to be presented will include: Vocal selections, Albert Norman; cello numbers, Miss Dorothy Dukes; readings, Mrs. Garland Westcott; Mrs. Bessie Beatty Roland will act as accompanist.

Pastor to Lecture on Life in Sweden

Dr. John Emil Hillberg, of Jamestown, N. J., nationally known among the Swedish people as an author and lecturer, now the minister of one of the largest Swedish Methodist churches in America, will lecture on Sweden and the life of the Swedish people Friday night at the Emmanuel Swedish church, Woodside and Trevelock streets.

Dr. Hillberg was born in Sweden and recently visited that country. The English language will be used in the lecture on Friday evening.

Auto Crash Injures Watsonville Woman

WATSONVILLE, Oct. 25.—Mrs. James McGuirk suffered painful bruises and cuts Sunday when an automobile in which she and her husband were returning from Santa Cruz collided with another machine. The accident occurred near the McDonald ranch. Mrs. McGuirk was taken to the home of Dr. C. O. Patterson nearby and given first aid treatment by Dr. H. G. Watters after which she was removed to her home.

Santa Rosa I. O. O. F. To Drill in Eureka

SANTA ROSA, Oct. 25.—The degree team of the Santa Rosa Odd Fellows, which recently won fame by walking off with first honors in the competitive drills held at the state encampment at Modesto, will visit Eureka November 15. Under the command of Past Grand Master A. D. Kotter in thirty-seven men will participate in the drills with which the degree work of the order will be put on for the benefit of fellow lodgemen of Humboldt county.

RUNS DOWN MOTHER.

DENVER, Colo.—A motor car driven by Peter Heald ran down and seriously injured Heald's aged mother.

Treat your beauty fairly—keep your skin clear with Resinol

No matter how pretty your features are, you cannot but be attracted with a red, rough, pimply complexion. But Resinol Ointment, made by Resinol Soap, will usually make poor skins clear, fresh and charming. Resinol Soap and Resinol Ointment sold by all druggists. Why not try them?

TRAFFIC CURB IS PROPOSED

SAN LEANDRO, Oct. 25.—Because of increased traffic difficulties in the business section of this city, adoption of an ordinance restricting and regulating the parking of automobiles and heavy trucks probably will be adopted by the board of city trustees at next Monday night's meeting, according to Mrs. Susie Dalziel, member of the board. Tentative consideration provides for a thirty-minute parking that would allow automobiles, trucks to remain only during that period in which loading or unloading is necessitated. A traffic officer will be appointed to enforce the ordinance.

An ordinance providing for the traffic regulation with clauses of parking, was introduced by City Attorney J. Allison Bruner several months ago, but its length prevented immediate action. The ordinance will probably be condensed and re-presented.

Corns Go Blue-jay to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plasters. The action is the same.

Pain Stops Instantly

Children Are Suffocated!

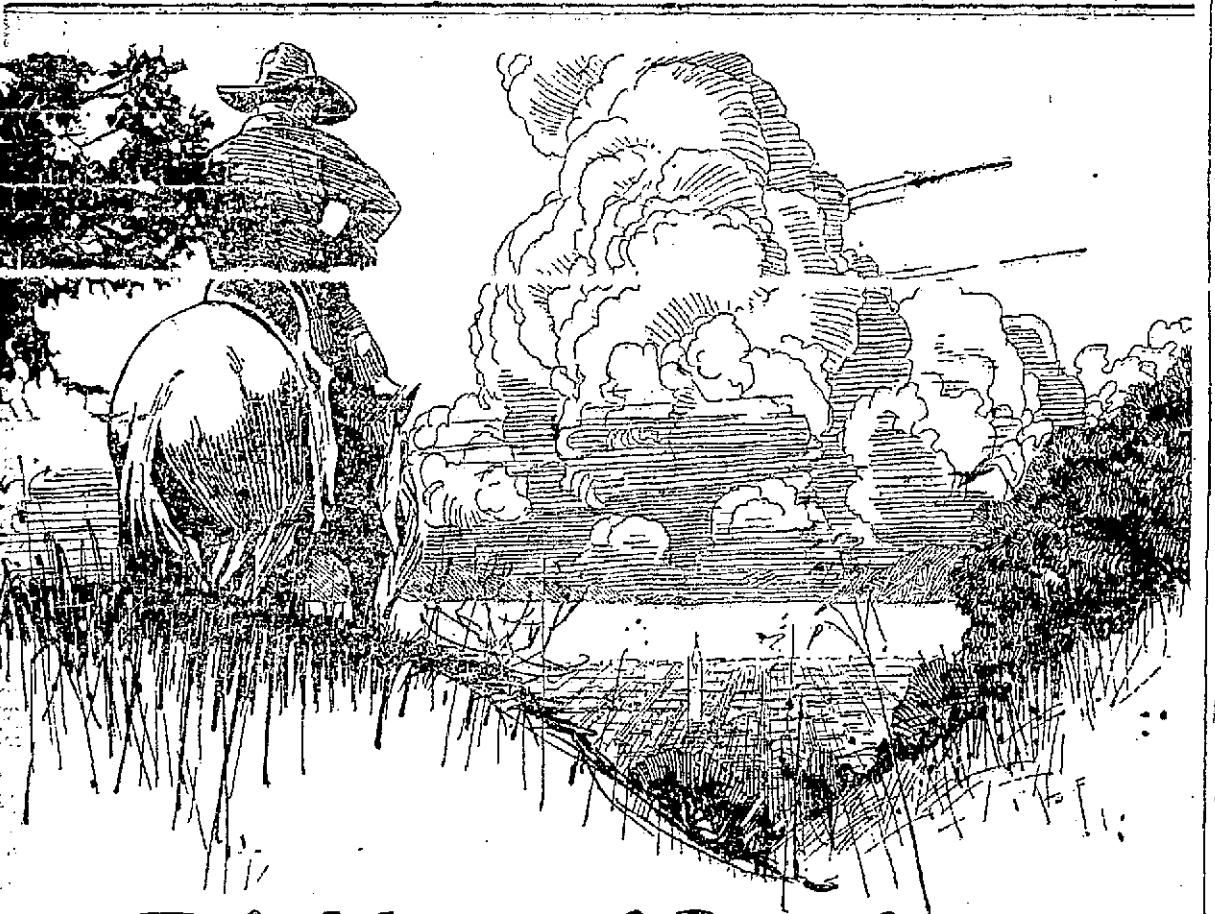

When children die from croup they are suffocated, not poisoned by the disease. As long as the passages are kept open croup cannot prove fatal. The old, barbarous method of forcing medicine down a child's throat, for croup, is ineffectual and unnecessary. Just heat a spoonful of "Deo" in a tin pan or cup and let the child inhale the soothing vapor. In a few minutes the air passages will be clear and coughing and gasping should cease. As an extra precaution apply ointment freely to neck and chest, covering with hot flannel. This has saved many a life after other methods failed. "Deo," the genuine Dennis' Eucalyptus Ointment, has been used successfully for over thirty years in the treatment of croup, whooping cough, colds, catarrh and respiratory troubles. Many physicians prescribe it. Sold in 25-cent tubes and 50-cent jars by all druggists. Money back if not satisfactory. Dennis' Mfg. Co., sole makers, Berkeley, Cal. Advise "Deo" use.

BIG RECORD IS ANTICIPATED IN TOURIST TRAVEL

Official Believes Coast Will Have Greatest Number Visitors in Years.

Tourist travel to the Pacific coast this fall and winter will be the greatest in years, according to word received from Charles S. Fee, passenger traffic manager for the Southern Pacific company, who is now on an extended trip throughout the east receiving first hand information on traffic conditions.

Fee's forecast is supported by reports received from Southern Pacific general agents throughout the United States and abroad all pointing to an unprecedented travel to the Pacific coast this winter.

"The Pacific coast states will entertain hundreds of thousands of tourists this fall and winter," said Fee. "Reports from our traffic representatives throughout the United States and Europe indicate a record tourist travel to the Pa-

The second tourist travel to the Pacific coast during the latter part of 1922 and the spring of 1923.

"Greatly improved business conditions all over the country, bumper crops in the middle west and Canada, and reduced fall and winter tourist fares to the Pacific coast are some of the important factors that have induced travelers to come to the Pacific coast for the winter."

SUMMER SEASON BIG.

The summer tourist season just over was one of the largest in years.

and reports from the Southern Pacific company show that during the 1922 summer tourist season 215,477 people came to the Pacific coast on summer tourist tickets over Southern Pacific lines alone. This number was an increase of 91,627, or 73.4 per cent over the 1921 summer tourist travel.

This increased number of summer tourists to the Pacific coast during the summer season of this year is in addition to the thousands of

passengers who came on regular tickets.

Tourist travel from Canada to the Pacific coast is also expected to

Break all records, according to Federal statistics. This is perhaps due to the reason that business conditions in Canada have undergone a big improvement. Canadian money has increased in value until it is now on a par with United States money and the Canadian farmers are harvesting the greatest crop in years.

NEW EQUIPMENT.

The Southern Pacific company is placing new locomotives and passenger equipment into service on each one of the lines.

Another factor that has added greatly to the increased travel has been the distribution by the Southern Pacific throughout the United States, Canada and abroad, of hundreds of thousands of booklets, pamphlets, folders, maps, etc., ex-

BETTER QUALITY GOODS DEMANDED BY PUBLIC NOW

Increase in Requests For Better Merchandise Taken As Prosperity Sign.

An address delivered at the Marlborough-Blenheim Hotel, Atlantic City, N. J., before the National Hardware Association, W. A. Willis, manager of the Copper and Brass Research Association, said, in part: "A pretty good sign of better business is the present noticeable increase in demand for the better grades of merchandise. When our present reports indicate in the case, people begin to say 'I have something a little better' instead of 'Is that the cheapest you have?' we really begin to feel that, after all, better business is more than a mirage—that this time you can reach right out and touch it."

"Increasing purchasing power is the underlying cause of this reaction to the better grades of merchandise," he said, "for, for most people realize the economy of quality, and only buy the inferior grades when stern necessity dictates. The demand for better goods is hastened by the consumer's experience with cheaper and inferiorly less satisfactory merchandise."

"The one discordant note in present opinion on the business outlook is based upon the statement that we never yet have had prosperity in a period of restricted fuel supply, and further, that we are to have another coal strike next spring—in short, that coal, or rather the lack of it, places the country in a trying situation. Personally, I believe we shall not be greatly hampered by lack of fuel."

"But have you ever stopped to consider that copper is the key to complete independence from these recurring coal disturbances? When the supply of fuel will be generated at the water powers which about throughout this country, or may be also generated at the coal mine mouths; and copper, with its unequalled qualities of conductivity, will make it possible to transmit this current over wide areas, in a steady stream which can be halted by neither mine strike nor coal shortage."

"Any one who knows the facts cannot but be sympathetic with the conditions which confront both the hardware manufacturer and dealer; for competition, always active, and like as not unfair to both, has forced the production of inferior quality goods has frequently stayed mechanical improvement, and is today responsible for the 'plated' hardware designed to look just as good as the real thing, in order to sell at lower, ever lower, prices."

"The underlying cause of this movement, which pleases neither manufacturer, jobber, retailer nor consumer, and so pleases nobody, is failure to face the fact that cheap materials are being used."

"It does little good just to talk about it—somebody has got to hammer the facts home, so that the public is fully, know, and acts on, the facts. It is for that very purpose, among others, that the Copper and Brass Research Association was formed."

"During the period of the war, copper and its alloys were entirely removed from domestic commerce. Wars are fought on rations of brass, bronze and copper. From the bronze buttons on each khaki coat to huge brass cartridges and copper gas canisters around the 18-inch shells, copper plays a vital part."

"At home, something had to be used in place of these more durable metals—for copper, brass or bronze or no brass, doors had to be locked, houses had to be roofed—and water (even in those days) had to be distilled. The result was a deluge of substitution that provided when the war was over, a formidable break on the progress of the brass and copper industry. Judicious advertising had given these substitutes an unmistakable hold on the public. And it was right here that an American manufacturer had to be reckoned with—a half humorous, good natured indifference which saw substitutes for brass and bronze simply curl up and die after the first onslaught."

"So the advertising and publicity campaign of the brass and copper industries is being waged here, that the public, in order to point out that copper and brass are once more available for use in American homes and American industry."

RICHLY DRESSED WOMAN CAPTAINS FUR ROBBERIES

Police Seek Leader of Gang
That Stole \$11,800 Worth
of Valuables.

A well dressed woman leader of a gang of burglars, who operates with an expensive automobile and specializes in the theft of valuable furs, is being sought today by police on both sides of the bay, as the result of raids on fur collections in both Oakland and San Francisco yesterday, for which she is believed responsible.

Leland S. Dunham, member of the insurance firm of Seiberger and Dunham, living at 994 Vermont street, and Mrs. Dunham, were the victims of the Oakland robbery. A white fur coat valued at \$200 and a \$600 seal skin coat were taken from their home, Dunham said.

The police, Jewell, and wearing apparel aggregating more than \$4000 in value also were taken. Neighbors told the police they had seen a handsomely-gowned woman enter the Dunham home and depart half an hour later wearing the seal skin coat. They said she had acted so "perfectly at home" that they thought her a caller.

Mrs. Dunham was paying a short visit to a friend living a few doors away while the robbery was going on.

Earlier in the day, in San Francisco, the fur store of Mrs. Mary E. Murphy, 241 Geary street, was robbed of furs valued at \$600, by two men who were directed in their operations by what is believed to have been the same woman.

According to the police of that city, the woman, who is described as well dressed, sat in a waiting automobile and gave orders to the men, while the latter smashed a plate glass window and removed the furs.

This was the testimony, according to the police, of passersby, who saw the three acting suspiciously and shortly afterward heard the crash of glass and saw the machine speed away. The approach of pedestrians is believed to have interrupted the operations of the thieves.

Eight Auto Speeders Given Jail Terms

SAN FRANCISCO, Oct. 25.—Eight speeders are in jail today serving sentences ranging from one to five days for speeding.

The sentences marked the inauguration of a campaign on speeding and reckless driving, and among the list of those sentenced was Dr. Harry A. Deering, a physician, accused of reckless driving. Police Judge Daniel O'Brien said that doctors have no more right to speed than other motorists except under "the most extenuating circumstances."

STUDENTS GET BARBER SHOP.

BERKELEY, Oct. 25.—A barber shop designed to meet the needs of students only, will be installed at the university before the end of the year. The contract for fitting out the shop was let to the highest bidder yesterday for \$4750. The shop will be located in the new Student Union building.

Neglecting Your Eyes

means that sooner or later you are going to wake up to the fact that they are the cause of those pains which so distress you at times.

Caring for Your Eyes

means that you take a thousand times better care of them than you could not do before you wore glasses.

See us about your eyes.

PST! A SECRET CODE!!

The Puckett's Barn Gang formed a Detective Club. Then they made—yes sir, they made a radio outfit. And what they heard when they listened in was— Well, it was a-plenty, all right. You'd never guess the surprise they got, to say nothing of their mothers and fathers and the neighbors. So you'd better read about it—

"The Puckett's Barn Gang and Their Radio"

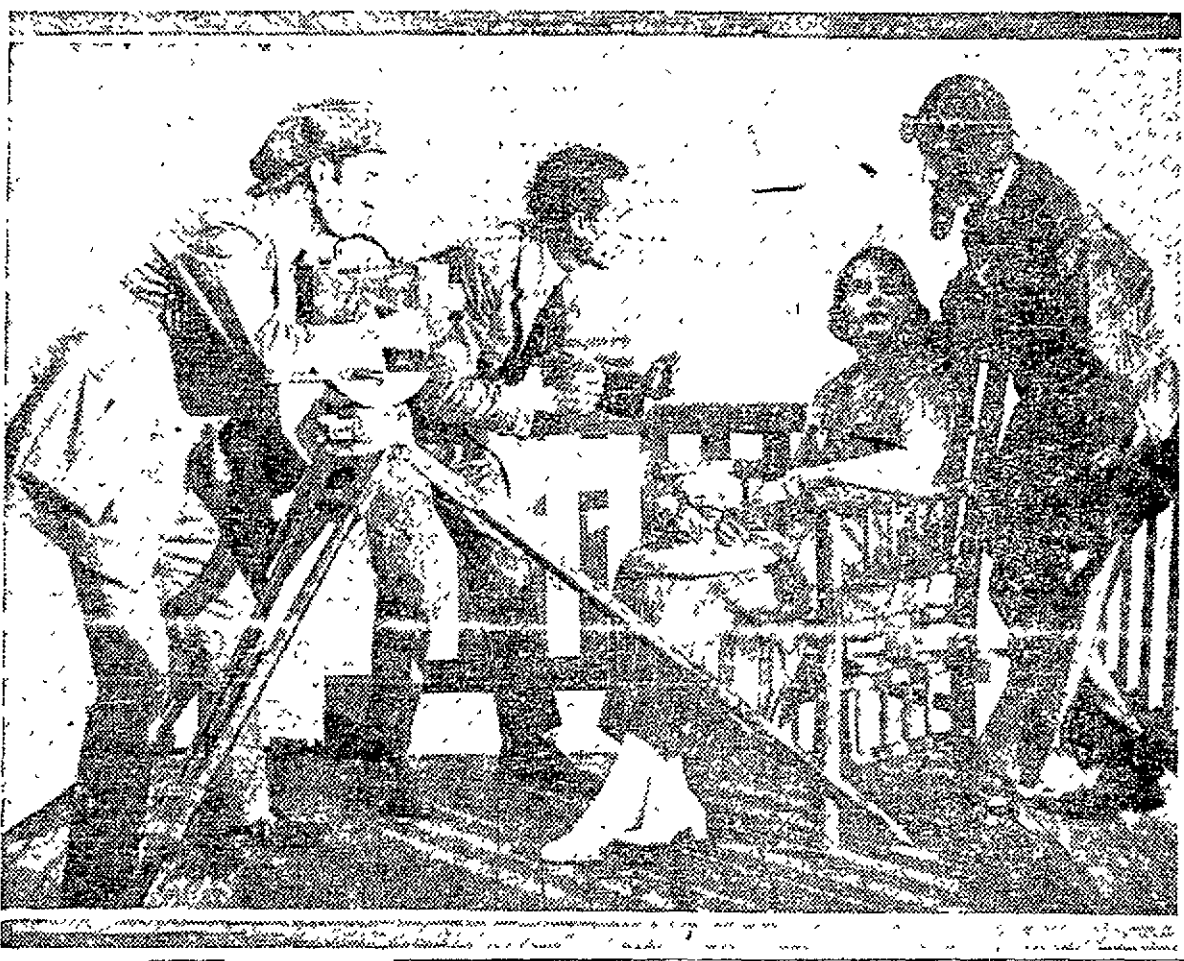

Starts this Sunday in The TRIBUNE.

A corking yarn by Earl Ennis, Boys, with a complete description of how YOU can make yourselves a radio outfit that will only cost \$2—and it will work.

WATCH FOR IT!

Film to Tell Alameda's Charms

Alameda is preparing to broadcast its attractions and attributes through a photoplay which is being prepared under the auspices of the Alameda Chamber of Commerce. Alameda, collectively and individually, is behind the project. Here is a "close-up" of one of the scenes showing (left to right), GUY LAMBERT, camera man; WALTER BELL, producer; and RUTH ALBERT and L. R. NEWMAN, principals.

ALAMEDA WOMEN HELPING OUT IN BOOSTER MOVIE

ALAMEDA, Oct. 25.—Alameda club women, boy scouts, members of the police and fire departments and residents of the city at large are co-operating to make a success of the photoplay which is being staged under the auspices of the Chamber of Commerce to advertise the beauties of the city and its industrial opportunities.

The shooting of the scenes for the film was begun several weeks ago. Many attractive bits of landscape in various sections of the city have been filmed in the first 1000 feet of the photoplay, including one at the Encinal Yacht club. Prominent society women of Alameda witnessed this action and enjoyed the novelty of the occasion.

Among the other scenes filmed was one at the Barnes and Tibbet's shipyard, when the Apollo, a three-masted sailing vessel, was featured. According to Walter W. Bell, director of the Photocrafts Production company, who is in charge of the Alameda production, the vessel has been featured in several well-known films. It was used by George Medford in "Hurricane's Gal" and also by Robert Bosworth in "White Hands." The fire department and police department were given important roles in this scene and lent a realistic touch to the film. Due to the fact that the scenario calls for a close-up of a garden party, a mammoth affair was staged in McKinley park last Saturday afternoon under the auspices of club women. During the afternoon, Mrs. Vivienne Tweddie Wall staged a dancing scene in which thirty Alameda children participated.

The leading roles in the production are being taken by Alameda talent, several of which have moving picture experience or have taken part in semi-professional theatricals. They include Miss Ruth Alberts, Mrs. Vivienne Tweddie Wall, Barbara Lee, E. K. Taylor, Jack Harris and L. Newman.

LAUNDRY WORKERS DINE RICHMOND, Oct. 25.—Members of the Laundry Workers' Union, Local 25, held a banquet last evening in Labor Temple, preceded by a brief business session. The committee comprised W. H. Ziem, chairman, assisted by Nora DeSoto and Jennie Van Duran.

A submarine to be used in gathering sponges is a Frenchman's invention.

Dry Sleuths Arrest Pleasanton Man

N. Hansen, proprietor of the Pleasanton Hotel, was held to answer today by United States Commissioner Albert M. Hardie on charges of violation of the national prohibition act. P. Regalia and E. Etchegorri, also residents of Pleasanton, also were held to answer, charged with the illegal possession of liquor.

Others who appeared before Commissioner Hardie today on charges of violation of the prohibition act were: J. McFadden, 339 Eleventh street, Oakland, and Edward H. Boyd, proprietor of the Encinal cafe and restaurant, Alameda.

The case against Daniel Mulcahy and Joseph Kelly, both charged with illegal possession of liquor, was continued till October 28th.

Hall Opening Is Observed With Party

Celebrating the opening of the new hall of St. Elizabeth parish, at Thirty-fourth avenue, Fruitvale, the married women of the parish will give a whist party at the hall tonight. The new hall was formerly the church of the parish, and will in the future be used for social purposes.

Farmer Loses \$16; He Blames Gypsies

William Blair, 32-year-old rancher living near Hayward, did not want his fortune told, anyway, because he felt most of his life was past and not in the future, but three Gypsies who visited his ranch insisted upon revealing the future to him. After they had gone he found a wallet containing \$16 was missing from the inside pocket of his coat. The aged man told of his loss to Sheriff Frank Barnett and Hayward peace officers were notified.

MOTHERS GATHER AT ANNUAL MEET OF RECIPROCITY

The annual reciprocity luncheon of the Oakland Federation of Mothers' Clubs called together more than 500 club leaders, public officials, and educators at Hotel Oakland today. Dr. Aurella Henry Reinhardt, president of Mills College, and Judge E. C. Robinson were the principal speakers. Communion singing was led by Glenn Woods, director of music in the Oakland School Department. The musical program was contributed by Mrs. Florence Sewell, assisted by Mrs. E. C. Robinson, and Sam Fiorella, Technical High School student.

Mrs. C. M. Wardell, reciprocity chairman, presided as toastmistress. She was introduced by Mrs. P. V. Vollmer, federation president.

Among the guests of honor were: Mayor John L. Davies; Harry Boyle, president of the Oakland board of education; Mrs. Daisy Short, board member; Fred M. Hunter, superintendent of schools; Louis B. Avery, assistant superintendent; John Mullins, chairman of the Alameda County board of supervisors; Ezra Decoto, district attorney; H. C. Welly, president of the Principals' Association; Miss Edna White, president of the Oakland School Women's Club; Miss Elizabeth Arlett, president of Bay section, California Teachers' Association; Glenn Woods, Mrs. Sue L. Fratus, Miss Newhall, representing the local school department; Mrs. Hugh Bradford, vice president California Congress of Mothers; Mrs. W. H. Marston, president Second district; principals of Oakland schools; past presidents of Oakland Federation; and presidents of neighboring federations as follows: Berkeley, Mrs. H. J. Gutz; Alameda, Mrs. E. O. Sletten; San Francisco, Mrs. W. C. Smith; San Mateo, Mrs. J. J. Ledwith.

A FINER CAR COLE EIGHT NINETY

Ultra Series

THE OWNERSHIP of a Cole means more than the mere possession of a motor car. It means the possession of a motor car that has been created to meet the demands of beauty, style, distinction and, most of all, dependability. A Cole is worthy of the pride of ownership felt by its owners. To own a Cole is to sense the feeling of year-in and year-out performance and dependability.

FINANCING PLANS OF NEW ATHLETIC CLUB OUTLINED

Bondholder Meets With
Building Committee;
Papers Filed.

Financial arrangements pertaining to the \$2,000,000 loan for the construction of the new Athens Athletic Club were discussed yesterday at a meeting between Lee Phillips, vice-president of the Pacific Mutual Life Insurance company, which will take 75 per cent of the bonds, and the officers, and the members of the finance and building committees of the Athens Club Building Corporation.

Announcement was made at the meeting, which was held at the Hotel Oakland, that a certificate of incorporation has been issued to the Building Corporation by Secretary of State Frank Jordan.

Among those present were Lee Phillips, Joseph E. Knowland, president of the Building Corporation, Joseph H. King, vice-president, A. C. Hibbard, secretary, Harrison S. Robinson, counsel, and the following members of the Finance committee: Arnold J. Mount, Senator A. H. E. Reed, J. F. Carlson, W. W. Garthwaite, Ernest S. Tanner, Irving H. Kahn, chairman of the Building Committee, was also present.

Articles of incorporation were filed here yesterday. The corporation is capitalized for \$2,000,000, which is divided into 30,000 shares. The shares have a par value of \$100 each. Of these shares 26,500 are preferred stock and 3,500 common stock.

ANNUAL BANQUET OF MERCHANTS IS SET FOR NOV. 23

Fully 400 Are Expected At
Dinner to Be Held at
Hotel Oakland.

The annual banquet of the Merchants' Exchange will be held at the Hotel Oakland on November 23, it was decided at the meeting of that organization last night. It is expected that 400 members will make reservations for the affair, and speakers and a musical program are being arranged for.

George E. Sheldon, A. S. Day, J. K. Nelson and V. O. Lawrence were chosen to represent the Exchange at the ninth annual convention of the Pacific Coast Association of Port Authorities, which opens tomorrow. A protest was filed with the city council regarding a sewer that empties into San Francisco bay north of the Key Route tracks and west of the Southern Pacific tracks. It urged that the sewer be done away with.

Before the meeting was concluded, the directors voted to attend the Orpheum theater on Friday, which will be Merchants' Exchange Night.

POLICEWOMAN A FIGHTER.
LONDON.—Mrs. Anne McLintie, a policewoman, knocked out five men with her fists in a public house when they tried to prevent her from making an arrest.

LONDON HECTIC OVER HARVEY'S "SOUL" SPEECH

LONDON, Oct. 25.—The speech of Colonel Harvey, American ambassador to the court of St. James on "Have Women Souls?" caused an uproar in the London press today. The colonel, in an address before the Authors' Club, said he found nothing in the Bible indicating that women have souls.

The Evening Post insists that Harvey and the British people are mutually the best of friends, yet sometimes the ambassador is a disturbing friend.

Aged Woman, Boy Hurt by Auto Blows

Mrs. Angela O'Reilly, aged 80, of St. Helen, incurred lacerations on the left knee and chin when the automobile in which she was riding collided with a truck last evening at Thirteenth street and Broadway. The automobile was driven by Charles Carpy, 110 Sutter street, San Francisco, who took the aged woman to the Emergency Hospital for treatment. The truck was driven by Jesse Montz for the Levi Zentzer company.

John Marchetti, aged 11, 206 Alice street, is at his home today under treatment for an injured abdomen and cuts on the right hand and hip received when he ran in front of a machine driven by J. Lindahl of Richmond at Seventh street and Broadway last evening.

Chiropractors Are Parted by Divorce

"Dr. Stella Cody, today has a decree of divorce from Dr. Charles Jackson Cody. The decree was granted by Superior Judge Harris on the ground of extreme cruelty. It provides that the wife may have the family home and furniture and \$80 a month for the support of the two children. The husband gets an automobile and the office furniture. The parties to the suit are chiropractors.

OPTIONS OBTAINED FOR SAN LEANDRO SCHOOL BUILDING

Citizens Acquire New Sites
For High School to Be
Decided Soon.

As the result of voluntary work done by various San Leandro citizens, two more options were received by the Oakland board of education today for sites for the future San Leandro junior high school, making seven sites now under option by the Oakland board. The new options are both on tracts on Dutton avenue. One is for the Manuel J. Andrade tract of nine acres, at \$21,000, and the other is for the J. C. Calhoun tract, 12.5 acres, at \$30,000. Both options are for thirty days.

It was argued at the recent board of education meeting that both these tracts are desirable, as they are away from East Fourteenth street, where there is vehicular traffic and the noise of street cars. The Oakland board is expected to decide the San Leandro matter next Monday night.

Mother Superior Is Hurt in L. A. Crash

LOS ANGELES, Oct. 25.—Mother Superior, 70 years old, mother superior of the Holy Cross Sisters, of Notre Dame, Ind., suffered a broken leg, and Sister Sinton of the same order, various cuts and bruises in a automobile accident here last night. Mrs. Florence Sharp, 26, their hostess, was so seriously injured it was feared she would die.

Exide BATTERIES

Sending your words through space

If shipwreck or accident damaged the electric generator that sends a wireless message, and were no other power available, many lives might pay the penalty. For this reason wireless stations on land and sea have storage batteries for reserve power.

Most of the government and commercial wireless stations are equipped with Exides.

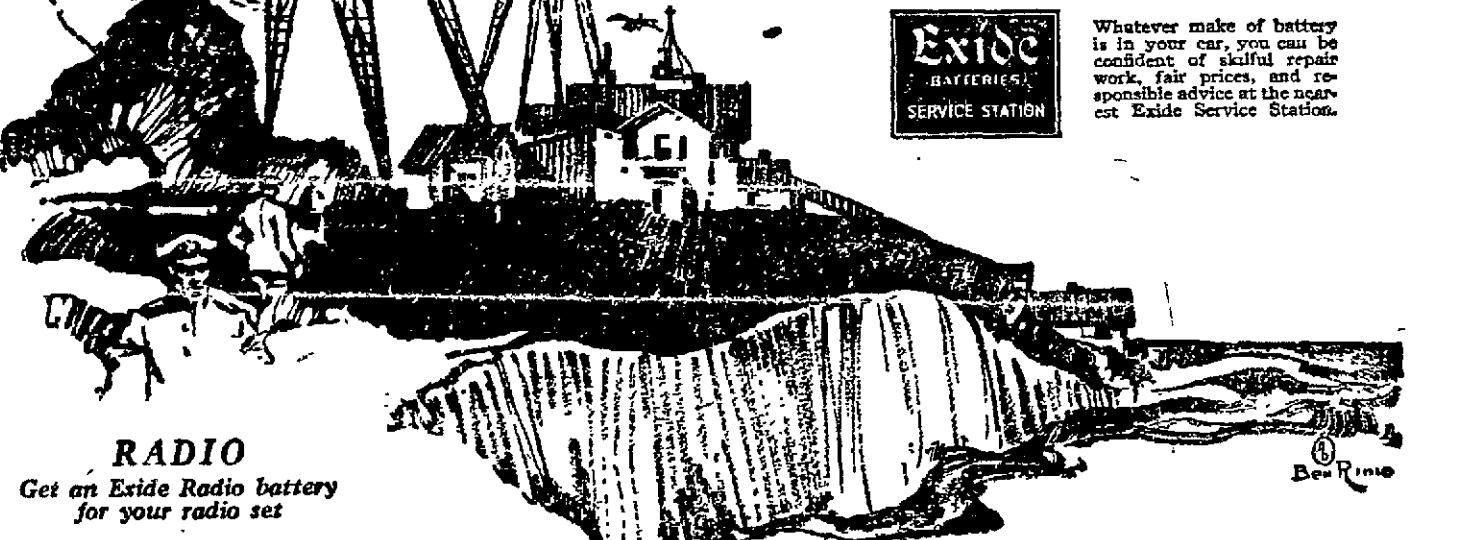

A majority of the farms and country homes lighted by small electric plants get their current from Exide Batteries. Nearly every message sent over the telephone system is carried by the current from an Exide Battery.

The same rugged reliability that makes Exide Batteries dominant in every industry where batteries are used is built into the Exide made for your automobile.

Exide Service Stations are equipped to be useful to you, not only in putting the right battery into your car, but in giving skilful attention to whatever make of battery you are now using.

Inquiries about batteries other than automobile batteries should be addressed to

The Electric Storage Battery Co., Philadelphia
